

# Overview on EVD E Learning Tools

---

Presented in Nairobi , Kenya  
April 2015

**World Health  
Organization**

# Access the on-line courses

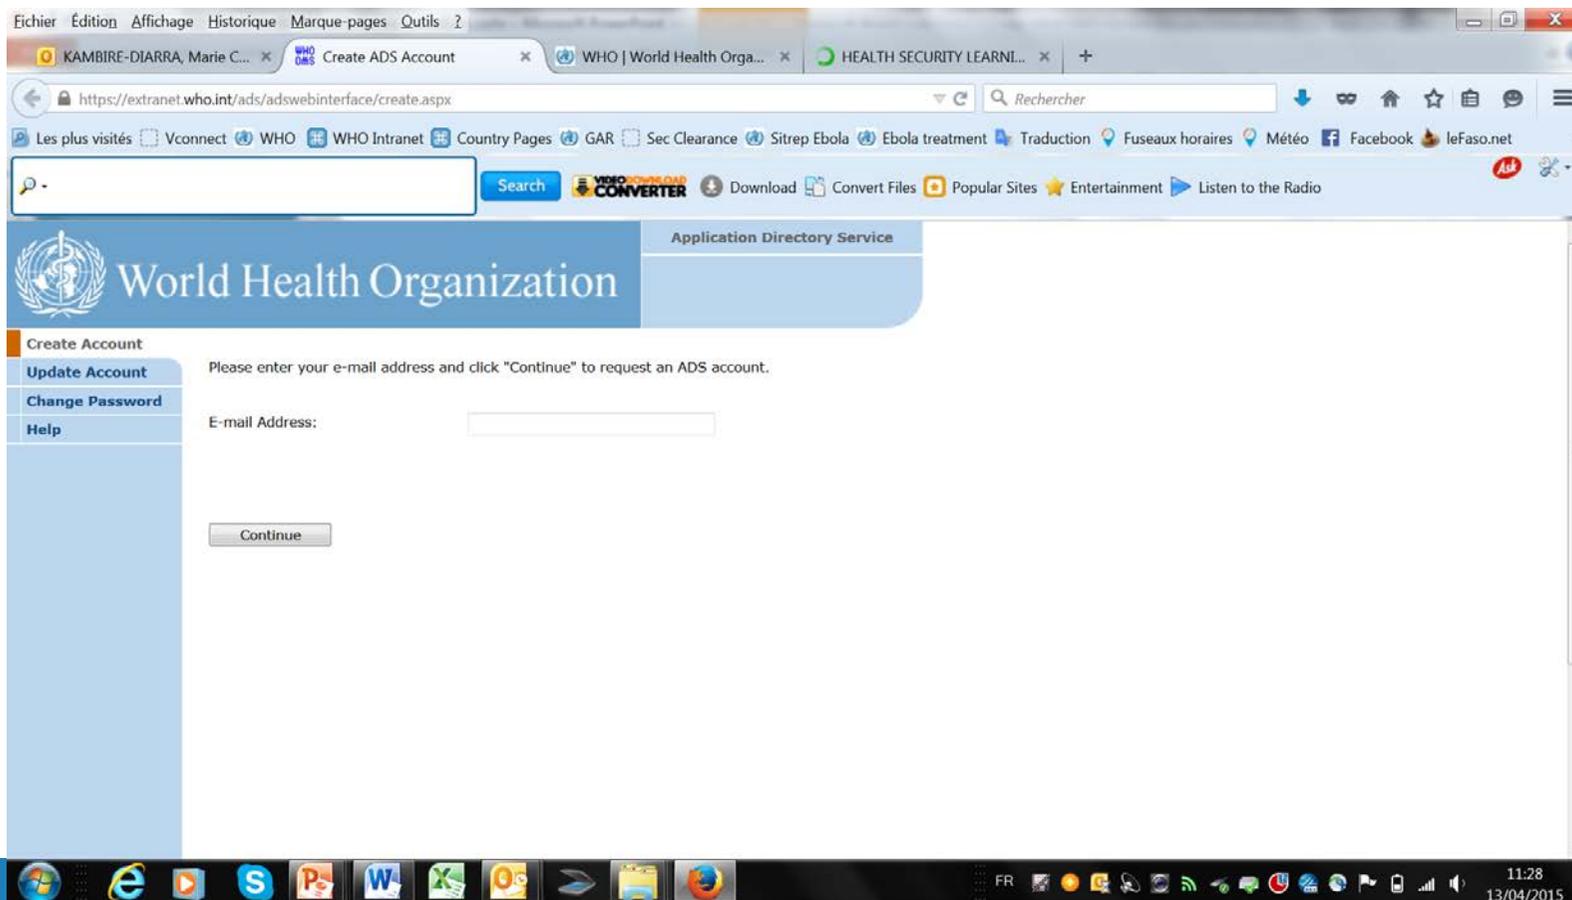

---

- connect to WHO Health Security Learning Platform to access the on-line courses at <https://extranet.who.int/hslp/training/?lang=eng>

# Step 1: create an account

If you do not have one already, create an account through the link below:

<https://extranet.who.int/ads/adswebinterface/create.aspx>

The screenshot shows a web browser window displaying the WHO ADS web interface. The browser's address bar shows the URL <https://extranet.who.int/ads/adswebinterface/create.aspx>. The page features the WHO logo and the text "World Health Organization" and "Application Directory Service". A sidebar on the left contains navigation links: "Create Account", "Update Account", "Change Password", and "Help". The main content area displays the "Create Account" form, which includes the instruction: "Please enter your e-mail address and click 'Continue' to request an ADS account." Below this instruction is a text input field labeled "E-mail Address:" and a "Continue" button. The browser's taskbar at the bottom shows various application icons and the system clock indicating the time 11:28 on 13/04/2015.

# Step 2: Log the Health Security Learning Platform

● <https://extranet.who.int/hslp/training/?lang=eng>

The screenshot displays the WHO Health Security Learning Platform interface. The top navigation bar includes the WHO logo, the platform name, and a language selector set to 'Français (fr)'. A 'LOGIN INFORMATION' box states: 'Health Security Learning Platform uses WHO Application Directory Service (ADS)'. Below this, a 'Join the HSLP under the IHR framework!' section provides introductory text. A 'PROTECT' banner for 'Basic Occupational Health and Safety Pre-deployment Training' is visible, indicating a 1-hour duration. The main content area features three training modules:

- Target audience:** WHO staff and consultants going to West Africa in the context of Ebola virus outbreak. (Version 1.4 - January 2015)
- Ebola Management at Points of Entry:** English, French, Portuguese. Topics include Ebola Event Management, Exit Screening, and Entry Screening at Ports, Airports and land crossings. Target audience: National IHR Focal Points, PoE public health authorities, PoE operators, conveyance operators, crew members and other stakeholders. (Latest release - February 2015)
- EVD Training:** English

The bottom of the screenshot shows a Windows taskbar with the date 13/04/2015 and time 11:46.

## Step 2 bis:

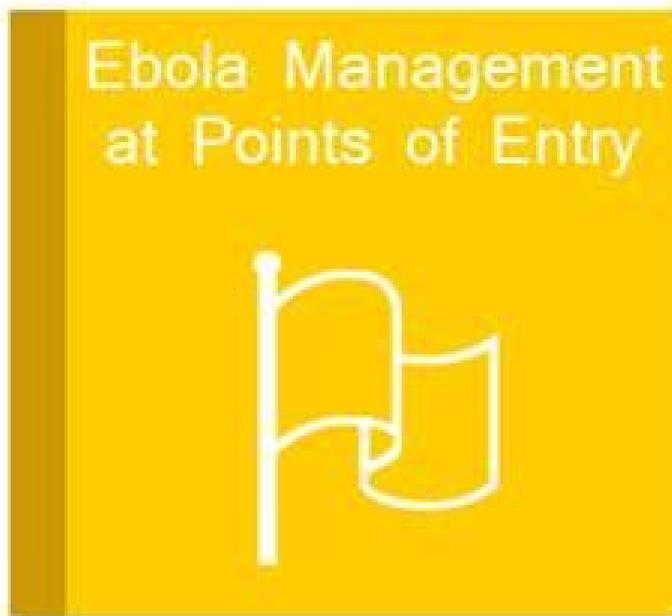

---

if you are not logged yet with your account, click on “continue” button and then type your username and password).
