Geoffrey Okot – Uganda

Diop Abdul KM – Senegal

Geofrey Enyakai – Kenya

Dzifack Maurel – Cameroon

Brighton Mayamba – Zambia

Andrey Chileya – Zambia

Sodoli Kokouvi – Togo

Kelewou Gnimdou – Togo

Faida Manyama – Tanzania

Enia Kakombu – Zambia

Bemba Patrick – Cameroon

Iven Mwenya – Zambia

Donald Mulenga – Zambia

John Tembo – IFATCA

Mukuka Besa – Zambia

Catherine Kahuria – Kenya

OUTLINE

1. INTRODUCTION

2. CONSIDERATIONS OF AFI REGULATORY
FRAMEWORK

3. IMPLEMENTATION PROCESS

4. CONCLUSION

INTRODUCTION

□ Group 1 was tasked to provide guidance on the following questions ?

1. What type of regulatory framework should the AFI region consider?
2. What type of framework can be easily implemented?

CONSIDERATIONS OF AFI REGULATORY

FRAMEWORK

□ The Group deliberated for the need to :

1. There is need for ICAO to urge States to develop **PRIMARY LEGISLATION** applicable to both the Civil and Military Authorities. Usual processes through parliament.
2. Being parties to Chicago Convention, States are urged to implement Resolution A40-4 : Appendix I – Coordination and Cooperation of Civil and Military.

as civil as possible, as military as necessary

IMPLEMENTATION PROCESS

- Primary Legislation that will involve both Civil and Military Authorities.
- States then to develop applicable regulations as they may deem fit.

- Operational Manuals for both Civil and Military.
- Guidance Material for Coordination, Collaboration and Cooperation.

as civil as possible, as military as necessary

IMPLEMENTATION STRATEGIES

Political
Will- Buy In

- Develop structure in line with Doc 10088.
- Involve High level Military and Political forum to drive the buy in of our political leaders.
- Need for ICAO Assembly to provide a platform for political leaders to agree on Assembly resolutions . States represented at High level.
- Regional bodies (AU, SADC, EAC) to share experience and encourage States to implement ICAO Assembly Resolutions
- More participation of High level Military Personnel at ICAO Meetings

as civil as possible, as military as necessary

IMPLEMENTATION STRATEGIES

Gap Analysis

- Perform a gap analysis against the existing baseline in terms of structures, cooperation and coordination mechanisms. Use the format provide by ICAO.
- Organize workshops to sensitize the key stakeholders.
- Prepare all documentations –ToRs, Letters of Nominations, Letters of Appointments for members, invitation for inauguration, presentations for meetings,
- Inaugurate and Establish Civil Military Committee Board and Committees according to Doc 10088.

as civil as possible, as military as necessary

IMPLEMENTATION STRATEGIES

- Devise change management strategies such as change communication (Awareness workshops, Town Hall Meetings)
- Building Trust amongst key Stakeholders(Internal and External) through honest discussions.

- Access to real time information to be provided on a need to know basis.
- Confidentiality agreement amongst stakeholders if need be.

as civil as possible, as military as necessary

CONCLUSION

Group One drew up the following Recommendations:

- Primary Legislation to be followed by the regulations, manuals, guidance materials, SOPs, etc.
- Use of top – bottom approach for Civil Military structure
- The need for institutional framework in accordance with Doc 10088.
- Continuous sensitization of the stakeholders including any changes.
- The need for regional bodies to drive political Will which is a key challenge.
- The need for an updated GAP analysis
