Sustainable RSOO- Boeing view

- Importance for Boeing
- Sustainability of African RSOOs
- Boeing contribution to sustainable RSOO

- Efficient Safety Oversight is important for Boeing
 - ▶ CAAs are our partners
 - ▶ RSOOs are imperative where low activity and limited resources
 - ▶ Efficient RSOO requires adequate staff, Training and Budget
 - ▶ RSOOs should be able to comply with ICAO safety requirements (USOAP)

- **Sustainability of African RSOOs**

- ▶ Strict complementarity between CAAs and RSOOs
- ▶ MOU between CAA and RSOO to jointly comply with ICAO standards

- **Boeing contributions**

- ▶ \$400K + contribution to ICAO Safe fund
- ▶ Funds to be used efficiently and effectively to address safety risks
- ▶ RSOOs have to go Performance based measures with specific outcomes
- ▶ How do we measure success?
- ▶ What data do we use to drive efficiently resources where most needed?
