

## **x ICAO EUR ENVIRONMENT TASK FORCE**

### **TERMS OF REFERENCE**

**Establishment:** EANPG/60&RASG-EUR/07 Conclusion 19

#### **Terms of Reference:**

The objectives of the Environment Task Force are to focus on sharing information on the latest developments at ICAO on environment and provide support and develop environment capacity building activities for the States in the Regions with the focus on the States outside the EU area, taking due account of the existing arrangements in the EEA, ECAC and EUROCONTROL to avoid duplication.

The Task Force supports the implementation of the ICAO Assembly Resolutions on Environment A39-1, 2 and 3 (and the subsequent ones) that requested the Secretariat to take the necessary actions to expand the provision of capacity building and assistance to its Member States. It also requires ICAO to play a pivotal role in providing assistance to its Member States through the dissemination of the latest information on best practices and provision of guidance and other technical assistance in order to enhance capacity building and the transfer of technology.

#### **Composition of the ENV TF:**

Members: EUR States

Observers: Representatives from Regional Organizations, Aviation stakeholders, environment stakeholders.

Secretariat: ICAO EUR/NAT

#### **Tasks:**

1. Share updated information on ICAO activities on environment-related issues that includes new ICAO environmental guidance documents and tools;
2. Allow States to share information and best practices on how to address the environmental impacts of aviation such as aviation noise, alternative fuels, State Action Plan, CORSIA, etc.;
3. Provide information and support if needed to States in order to develop and improve their States Action Plans to be aligned with ICAO guidance Document 9988;
4. Provide information and support if needed to States with the CORSIA implementation requirements;
5. Reinforce the ICAO Buddy Programme activities amongst States in the Regions on the ICAO States Action Plan initiative and CORSIA;
6. Provide training to States on the ICAO's Environment Tools such as IFSET, Carbon Calculator, Environment Benefit Tool, etc.; and
7. Build capacity, and raising awareness through workshops and NCLB activities
