CAPACITY & EFFICIENCY

---

# **AIDC/OLDI Seminar**

## **3-5 March 2014**

Day 3 recommendations and  
outcome

---

# 1- LoA Consideration

- Communication and its performance  
address)  
AFTN/AMHS Addresses for AIDC messages;
- 11. Originator for AIDC messages  
  
X.25  
TCP/IP
- Kind of Messages according to operational requirement  
OLDI / AIDC  
Basic message  
  
define the points  
Specify message timing  
Specify direction of message flows according to the routes
- Transfer point
- 2. Transfer Flight Levels;
- 3. Transferring/Accepting ATSUs
- 4. Transfer standard : AIDC (OLDI) or other transfer agreement;
- 5. AIDC messages CONCISE MODE or COMPLETE MODE;

## 2- MID AIDC/OLDI Minimum Message Set

### AIDC

- ABI
- EST
- ACP
- TOC
- AOC
- LAM/LRM

### OLDI

- ABI
- ACT
- PAC
- REV (optional)
- AMA (Optional)
- MAC
- ~~CDN (optional)~~
- TIM/COF/MAS (optional)
- LAM

# 3- High Level Check List

## Technical

Communication and its performance

AIDC/OLDI

Address/Origin & receive

AFTN/AMHS

X.25

TCP/IP

FMTP

System

## Operational

define the points

Specify message timing

Specify direction of message flows according to the routes

Transfer point

Transfer Flight Levels;

Transferring/Accepting ATSUs

AIDC messages CONCISE

MODE or COMPLETE MODE;

Specify type of Messages and associated fields

## 4- Recommendations

- States to share experience on AIDC/OLDI implementation including sharing of training and implementation packages and visits to other states
- In order to expedite implementation States are encouraged to engage in test and trials even before signing the Official LoA
- Encourage Bilateral AIDC/OLDI workshops
- State to identify operational requirements/Scope and improvements (know what are the messages which are needed/supported by other ATSU) and develop LoA accordingly
- Engage both technical and operational experts (CNS/ATM) in the update of the LoA,
- States (ATSU) have OLDI/AIDC capability to start implementation activities and plan implementation in Q2 2015
- CNS and ATM SG to compile the MID AIDC/OLDI Implementation Strategy document( Reference details of message test activities ...etc)
- States to provide updates on AIDC/OLDI Progress by 15 August 2014
- Create a web page depository for posting AIDC/OLDI Information etc..
- Follow-up Seminar Q4 2015

## 5- Outcome

- Identified States with should support both (AIDC/OLDI)
- Updated AIDC/OLDI Impl. Plan and capabilities
- Agreed on minimum Set Message
- Agreed on Consideration for LoA Template
- Developed High level Implementation Check list
- Agreed to have AIDC/OLDI Focal points
- Agreed that APAC and EUR regional office support interregional implementation
- Agreed on List Of Recommendation
