- Cost Benefit Analysis
- Benefits for MID Region

ICAO BANGKOK | UNITING AVIATION

Cost Benefit Analysis

Cost benefit analysis

ICAO Survey
2013-2014

CBA First
iteration – Apr.
2014

CBA Second
iteration - after
RFI – May 2015

Local CBA –
In progress

1- ICAO Survey 2013-2014

- CRV (Common Regional Virtual Private Network) Task Force : a common network service could be considered as a multinational service, as per ICAO Document ASIA/PAC BASIC ANP Doc 9673
 - such approach would require a cost benefit analysis to make sure that the project was cost efficient and beneficial for both developing and advanced States.
- Inputs:
 - collect data from various member states through a questionnaire
 - Estimations on costs of network services (without market survey)
- Outputs:
 - recurring costs and problems associated with the current configurations for 15 States (initially)
