Strategic directions, goals and indicators

The main objective of the General Department of Airport Security (Securing Airports)

Indicators have been developed to help achieve this goal

General Department of Airport Security goals are in line with **Dubai Police Strategic Goals**

Cooperation

The Center cooperated with local, regional and international bodies. The Airport Crisis Management Course was implemented with the Doncaster Center for Civil Aviation Security in Britain. The Center also hosted two sessions for the International Civil Aviation Organization (ICAO)

Approvals

The accreditation of the Dubai Civil Aviation Security Center has been renewed by the ICAO, which is renewed automatically every two years, as well as the renewed accreditation of the Center by the General Authority of Civil Aviation 2018.

Partnership

5283 inspectors were accredited and trained to operate the inspection equipment. This was the outcome of the memorandum of understanding between Dubai Police General Headquarters, Dubai Airports and Dubai Civil Aviation Authority

Trainers

The Center has six accredited ICAO trainers, 61 ICAO-accredited security trainers and 21 STI-certified technical trainers

Publications

(36) leaflets were issued to raise the awareness of security developments in the aviation field (Efadah Program) which benefited 9486 readers.

We do not want an airport for
Dubai; we want Dubai to be an
airport for the world.

نحن لا نريد مطاراً لدبي،
نحن نريد أن تكون دبي
مطاراً للعالم.
