- ❑ The FIFA World Cup in 2022 will have significant impact on the airspace capacity in the MID Region.
- ❑ The FIFA World Cup 2022 event will require the implementation of ATFM measures, which should be based on a collaborative decision making that allows all members of the ATM Community to participate in the decision making process, in particular the adjacent States.
- ❑ MIDANPIRG/16 meeting recognized the need for a collaborative action plan to accommodate the expected significant increase in air traffic, in a safe and efficient manner, with the participation of all concerned States and stakeholders, taking into consideration similar experiences, such as Brazil and South Africa World Cups, Athena Olympic Games, Hajj, etc.
- ❑ MIDANPIRG/16 meeting noted also that other major events are planned to be held in the Region, such as, the EXPO 2020 in UAE.

MIDANPIRG/16 meeting through Decisions 16/18 established the FIFA World Cup 2022 Task Force to:

1. develop and follow-up the implementation of a collaborative action plan to accommodate the expected high increase in traffic, in a safe and efficient manner, taking into consideration similar experiences; and
 2. address other major events such as the EXPO 2020.
- The FWC2022 TF is composed of the MID States and supported by India, USA, AACO, ACAO, AEROTHAI, CANSO, EUROCONTROL, IATA and ICAO.
 - Brazil participated and shared their experience in the second meeting of the TF.

The FIFA World Cup 2022 (FWC2022 TF) is working closely with the ATFM Task Force. Two meetings were held:

- FWC2022 TF/1 meeting (Muscat, Oman, 26 September 2018)
- FWC2022 TF/2 meeting (Casablanca, Morocco, 20 March 2019)
- The outcome of both meetings were reported to MIDANPIRG/17 meeting
- FWC2022 TF/3 meeting is scheduled for 12-13 January 2020.

The MIDANPIRG/17 meeting:

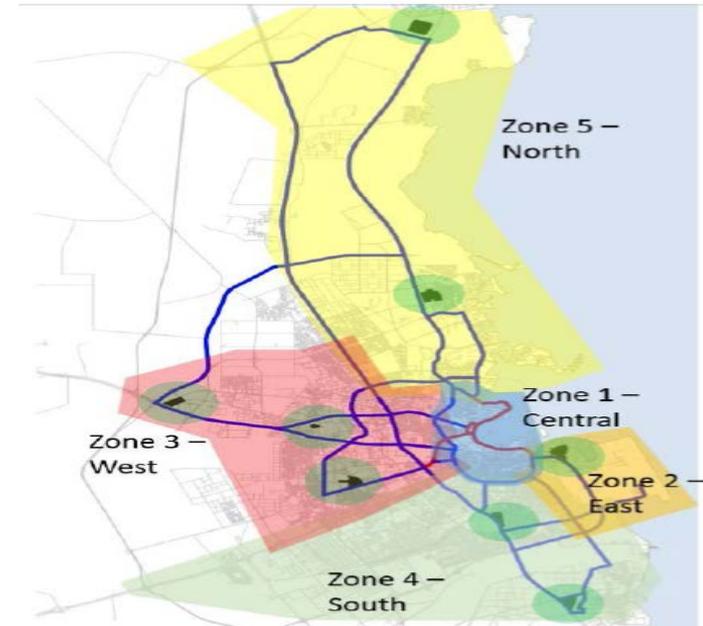

- ✓ recognized that the MID Region may not be able to accommodate the expected increase in traffic during the FIFA World Cup 2022 without introducing improvements to the current ATS route structure and airspace management; increasing capacity and implementation of collaborative air traffic flow measures.
- ✓ agreed, through Conclusion 17/24, that the MIDRMA to conduct assessment to the MID Region airspace structure based on the expected traffic movement from 1 November to 31 December 2022, in order to identify the peak periods, hotspots, bottle necks, etc. based on the FPL/traffic data that should be provided by Qatar

Some information related to FIFA World Cup 2022 that were discussed by the FWC2022 TF

- ❖ **First** FIFA World Cup in the Middle East Region
- ❖ First in history where all **64 games** are played in small geographical area
- ❖ Only 55kms between most distant stadiums
- ❖ The anticipated daily movement rate is **2000 aircraft** from **D-7 until D+2**
- ❖ FIFA forecast passenger numbers are **110,000 per day** in this period.
- ❖ Other traffic **peaks** will be experienced during the **knockout** phase and for the day of the **Final** (18 December 2022)

Conclusion

The meeting is invited to:

- a) commend the contribution of experts to the work of the FWC2022 TF
- b) urge States and Organizations to continue their collaboration and provide further support in order to prepare the MID Region to accommodate the significant increase of traffic due to the FIFA World Cup 2022 or any other major events in a safe and efficient manner.
