Building Effective Regulations to Drive Cybersecurity Maturity

Samir Pawaskar, Cybersecurity Expert

Acknowledge the Problem

❑ Understand the Risks

❑ Strategic Assessment of the Problem

❑ Identify the Appropriate Solution for your Needs

What's the Right Tool?

❑ Do you need a Law?

❑ Would a Policy work? Or a Standard? Guideline?

❑ Regulations are an excellent Tool to promote Compliance.

❑ But, Regulations also run the Risk of Becoming a Problem In Itself

Checkbox Compliance

Key Success Factors

❑ Governance Model

❑ Building Trust and Creating Value

❑ Collaboration
  ❑ Between Sector Regulators
  ❑ PPP

❑ Creating an Empowered Ecosystem

Leading By Example

- ❑ The Cybersecurity Program worked with Qatar Civil Aviation Authority to develop the Aviation Cybersecurity Guidelines.

- ❑ We collaborated as Co-Regulators

- ❑ Worked towards building an Empowered Ecosystem.

THANK YOU
