Christopher Keohan  
Regional Officer, EUR/NAT Office

**Workshop on formulating a space weather exercise**

**15-16 November 2023**

# Conclusions

- Continue awareness campaign on SWX through webinars/workshops
- Regulatory authority should assure NOC distributes SWX advisories to ACC/FIC, AMO and NOF and that these advisories are included in flight documentation and briefings (depending on internal communications)
- Liaise with other stakeholders (SWXC, ATM, COM, FIO, regulators, operators and relevant science community) on further developing a SWXEX Directive
- Consider broader exercise to include other Regions (e.g. EUR/NAT as well as MID)
- Keep abreast of other regional developments related to space weather exercises and contingency arrangements in line with the GANP
