

## MENA ARCM/7 COMMITTE METING

### INTRODUCTION

This presentation follows up on the discussions and progress shared during MENA ARCM meetings 2 through 6. It aims to update the Committee on the current status and recent activities related to the MENA ARCM database, ongoing technical assistance, and the shared folder implementation.

#### Key Deliverables

- Presented the questionnaire responses and statistical analysis of the current database
- An update of the share folder and its features.
- Statistics of the technical assistance requests among the state members.
- Signed MENA ARCM MoU with Egypt and Qatar (Total 16 States)

#### **Action Items**

- Re-invite State Members, who didn't respond, to submit and complete the database questionnaire.
- Support states in the registration process and using the share folder
- Initiate the establishment of Safety recommendation database
- Reinforce the capacity building activities in aircraft accident investigation field using the Technical assistance procedure.
