

Fernando Moreno

Mr. Moreno has been working at the OAV since its start in 2014, coming from a background in clinical psychology and psychosocial risk prevention.

With the OAV, he participated in the assistance at several aviation accidents, most notably Germanwings in France (2015) and Air Algerie in Mali (2014), but also others like Fly Dubai in Rostov and Ethiopian in Addis Ababa.

He is a trainer in several courses, like the ones at the National Civil Protection School and the Ministry of Transport volunteer system, and have given presentations at ECEC seminars and the Spanish Diplomatic School.

He also manages the international activity of the OAV, both at ICAO events and with bilateral contacts with foreign assistance providers, and participate in working groups at the EU Commission as the Ministry of Transport's Emergency Unit.

Fernando Moreno Mielgo
Jefe de Área
Unidad de Emergencias, Seguridad y Gestión de Crisis
Secretaría de Estado de Transportes, Movilidad y Agenda Urbana
