ICAO and the United Nations Sustainable Development Goals
 ICAO's Strategic Objectives are strongly linked to 15 of the 17 United Nations Sustainable Development Goals (SDGs). The Organization is fully committed to work in close cooperation with States and other UN bodies to support related targets.

ICAO is also an official observer on the Inter-agency and Expert Group on Sustainable Development Goal Indicators and is the custodian agency of global indicator 9.1.2. Passenger and Freight Volumes, by Mode of Transport within the 2030 Agenda framework. ICAO continuously contributes to monitoring efforts of the 2030 Agenda and other development frameworks as appropriate.

Calls for action

In support of Resolution A39-30, *ICAO Gender Equality Programme Promoting the Participation of Women in the Global Aviation Sector* and its commitment to enhancing gender equality by 2030, ICAO and its Member States, together with international aviation partners representing industry, will work together in the development and collection of gender related data. Designed for transparency, a common platform would be developed that includes goals, targets and indicators. The data would be collected on a voluntary basis and shared with all stakeholders.
