

TACKLING AVIATION EMISSIONS

THE WAY FORWARD

Dr. Taïeb Chérif

Secretary General

International Civil Aviation Organization

AVIATION EMISSIONS THE WAY FORWARD - ICAO

- ICAO is **THE** global forum for pursuing aviation environmental issues
- ICAO brings together technical expertise, viewpoints of Member States, representatives from the aviation and aerospace industries and environmental NGO's
- ICAO cooperates with relevant bodies on scientific, technological, economic and policy issues

THE WAY FORWARD - ICAO

Major Challenges:

- Finding an appropriate balance between future growth and the quality of the environment
- Reconciling States' views under a harmonized, global approach

AVIATION EMISSIONS THE WAY FORWARD - ICAO

➤ The ICAO Vision

- SOURCE OF AVIATION DATA / INFORMATION
- FORUM FOR ENVIRONMENTAL GOAL SETTING
- EMPHASIS ON ACTION THROUGH TECHNOLOGICAL/OPERATIONAL MEASURES
- PROVIDE GUIDANCE AND FRAMEWORK FOR ADDITIONAL MEASURES (MARKET-BASED MEASURES)
- OUTREACH / ICAO LEADERSHIP POST KYOTO

AVIATION EMISSIONS THE WAY FORWARD - ICAO

GLOBAL COOPERATION

Only by working together, through ICAO, with States, international organizations, the aviation and aerospace industries, the scientific community and with the necessary resources, can we transform this vision into reality
