 - Malmö Aviation

- Nordic countries
- Wide air space
- Example of major airports
 - Copenhagen, Oslo,
 - Helsinki etc
- Example of airliners
 - Norwegian, Finnair, IcelandAir etc
- Example of Fuel producer
 - Neste Oil

CAEP Structure

Importance of CAEP to Sweden

- We think reducing noise and emissions from aviation is important if we want a sustainable growth of aviation.
- This CAEP cycle we prioritize the work with a CO₂-standard and a global market based measure for aviation.
