Facilitation Officer, ICAO Secretariate

## ICAO Annex 9 - Facilitation

The ICAO Annex 9 – *Facilitation* is virtual classroom course that develops competencies relevant to staff from Civil Aviation Authorities (CAA) and border control authorities to deal collectively, in an inter-agency manner, with Annex 9's facilitation provisions.

## Assistance to Aircraft Accident Victims and their Families

This course will provide CAA representatives, other government officials, aircraft and airport operators and non-governmental organization with the competencies to effectively support aircraft accident victims and their family assistance efforts, in accordance with ICAO Policy.

## Visible Digital Seals for Travel-Related Public Health Proofs

This course provides State authorities with the competencies required to implement a national Visible Digital Seal for Non-Constrained Environments (VDS-NC) solution for travel health proof, in accordance with ICAO Doc 9303, Machine Readable Travel Documents, Parts 9-13.

## Traveler Identification Programme (TRIP) Strategy

The course provides to the target audience the competencies to implement the five key elements of the ICAO TRIP strategy, ensuring interoperability and internal cooperation, in accordance with Annex 9.

## **(NEW) Managing Air Transport Facilitation Course**

The course provides the target audience with the competencies required to develop a management system whereby the Coordinating Authority (ies) designated by the State is (are) able to coordinate the required national policy framework, coordinate Facilitation matters with relevant government agencies and other stakeholders and to assess the implementation of Annex 9 SARPs and create a national evaluation framework.

## What is an iPack?

- An iPack, or Implementation Package, is a ready-to-deploy product aimed at helping States meet some urgent technical need.
- Each iPack contains an ICAO-developed training course, guidance materials, capacity-building tools, and the consultative services of a subject matter expert.
- ICAO iPacks address a variety of technical subjects, and are intended to provide States with an expedient and cost-effective solution to their implementation challenges.
- To date, ICAO has deployed over 200 iPacks in nearly 100 countries.

## Facilitation-focused iPacks

ICAO currently has four Facilitation-focused iPacks in its catalog, including:

- ✓ Implementing and Establishing the National Facilitation Programme and the Committees-(FAL)
- ✓ Establishing National Facilitation Oversight Mechanisms
- ✓ Visible Digital Seals
- ✓ Assistance to Aircraft Accident Victims and their Families

And coming soon:

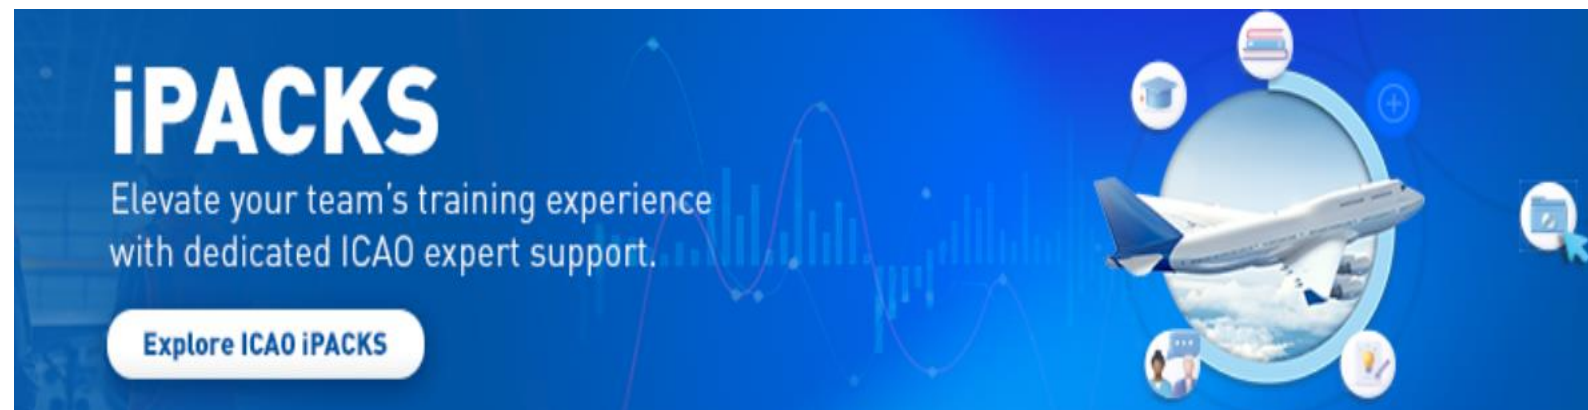

- ✓ Implementing the ICAO TRIP Strategy Roadmap
