(Third Meeting, Montreal, 12 to 16 February 2001)

Agenda Item 3: General revision of Annex 9 – Chapters 2 and 3

ADDENDUM

REVISION OF ANNEX 9 STANDARDS AND RECOMMENDED PRACTICES (SARPS) — SECOND PART OF CHAPTER 3

(Presented by the Secretary)

1. The Panel is requested to add the following Secretariat Recommendation to the text under Section J - Transit procedures and requirements.

Amend Recommended Practice 5.8 as follows:

*“5.8 3.47.1 Recommended Practice. — Each Contracting State should make provision, by means of transit arrangements or otherwise, whereby **passenger** traffic that passes directly through the State and, in the course of such passage, transfers from one international airport to another international airport may proceed without undergoing ~~examination, except for aviation security measures, prevention of illegal entry or in special circumstances~~ **border control formalities to enter the State**. For **traffic** connecting ~~traffic~~ to another airport, the operator who disembarked the passenger has the obligation for his custody and care, except in the case where this obligation, in conformity with the national legislation in force, falls within the competence of another authority.”*

2. As an alternative, the Panel may consider deleting this Recommended Practice, on the grounds that the arrangements contemplated therein may not be operationally feasible in modern airports.
