

MUZAFFAR ISMAIL
DGCA Indonesia

(In this Symposium, he is assigned to be a Speaker to replace the Acting Director General of Civil Aviation - Mr. Santoso Eddy Wibowo.)

Mr. Muzaffar Ismail serves as **Director of Airworthiness and Aircraft Operations - Directorate General of Civil Aviation - Indonesia (DGCA Indonesia)** from 2013 until now.

Beginning in 1995, Mr. Muzaffar Ismail held a number of posts of increasing responsibility with his Government's Directorate General of Civil Aviation. As Head of the Aircraft Engineering Section, Directorate of Airworthiness and Aircraft Operation, he took part in structure attesting of CN235 and N250 aircraft design. From 2005 to 2007, he was Head of Flight Safety and Security Division in Airport Authority Office - Polonia, Medan - the Division responsible for ensuring the safety and security of aircraft operations in Polonia Airport and surroundings. From 2008 to 2013, he was Deputy Director of Maintenance Control in Directorate of Airworthiness and Aircraft Operation.

He took part in negotiations on bilateral agreements with various authorities such as FAA, DGLM Netherlands, DGAC France, CASA Australia (ITSAP Project), Japan International Cooperation Agency (JICA). He also took part as DGCA Counterpart in the ICAO USOAP Audits in 2007 and 2014, and the FAA Technical Review in 2012 and actively involved in the European Commission Air Safety Committee (ASC) Meetings since 2007.
