Brief Biography of Speaker:

Mr. Lopez Gonzalez is Chief, Field Operations Section (FOS) Section, of the Technical Cooperation Bureau here at ICAO Headquarters. He has been working with aviation matters for nearly 35 years, being the last 20 years involved in Civil Aviation. Before joining ICAO, he was also a central figure for his home country Argentina, where he managed the Air Navigation Services (ANS) for the country. As a part of his career, he has been an ANS Auditor with several participations all along Latina America, Europe and Africa regions, and also an ICAO Expert with participation in Latin America countries. Being a former ICAO Council as well as being in the position of Project Coordinator and TCB counterpart in Argentina, has given him an unique perspective and extensive knowledge on Technical Cooperation matters.
