

COLOMBIA PROPOSAL

The Assembly:

1. Acknowledges the progress achieved on all elements of the basket of measures available to address CO₂ emissions from international aviation, including aircraft technologies, operational improvements, sustainable alternative fuels and a GMBM scheme and any other measures, and affirms the preference for the use of aircraft technologies, operational improvements and sustainable alternative fuels that provide the environmental benefits within the aviation sector; {Basket of measures and preference for non-MBM measures}. To assure this preference, reductions (non-MBM measures) will be at least 8% of the total CORSIA Compensations.
