# **Second ICAO Global Runway Safety Symposium, Lima, Peru, 20 - 22 November 2017**

- **Panel 1 - ICAO Runway Safety Programme**

David Gamper, Director, Safety and Technical,  
Airports Council International

## Preliminary remarks

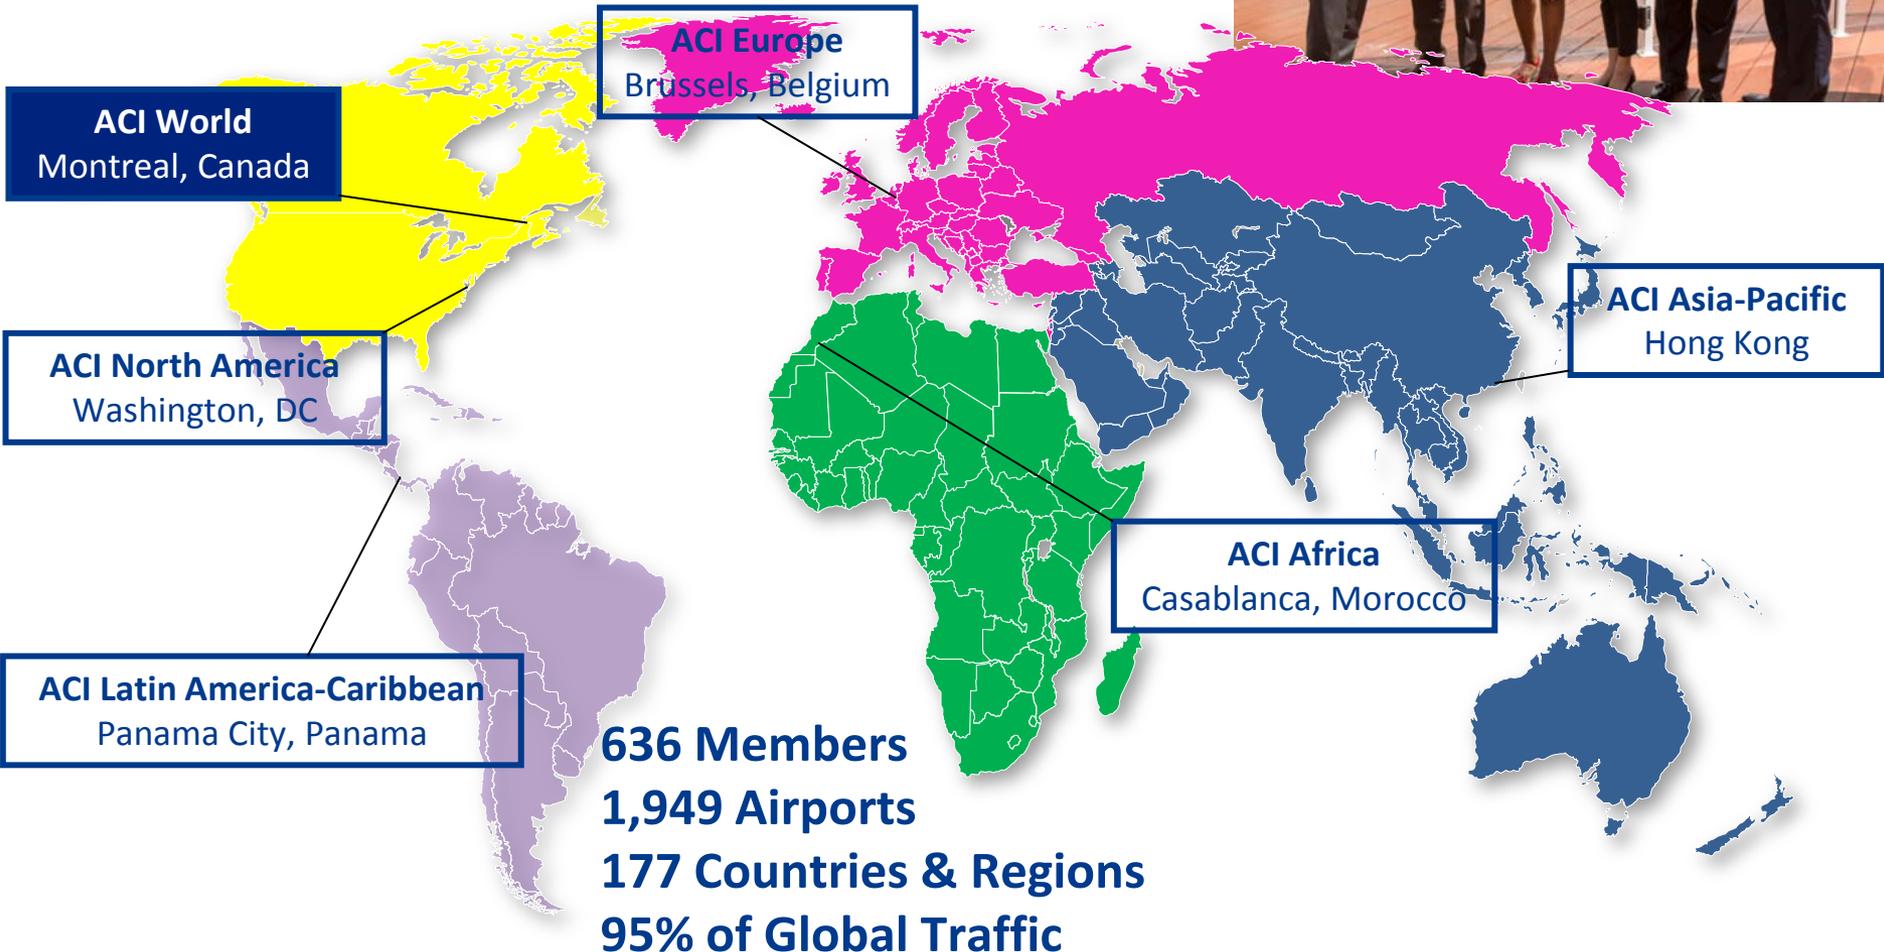

- A word about ACI
- Cooperation is key to reducing risk (eg Runway safety teams)
- Training
- ACI APEX in Safety

# Mission

ACI acts as the voice of, and advances the collective interests of the world's airports and the communities they serve, and promotes professional excellence in airport management and operations.

# ACI Structure

AIRPORTS COUNCIL  
INTERNATIONAL

# GLOBAL TRAINING

# No airport left behind

**Fund for Airports in Developing Nations  
Developing Nations ACI Training - DNA Training**

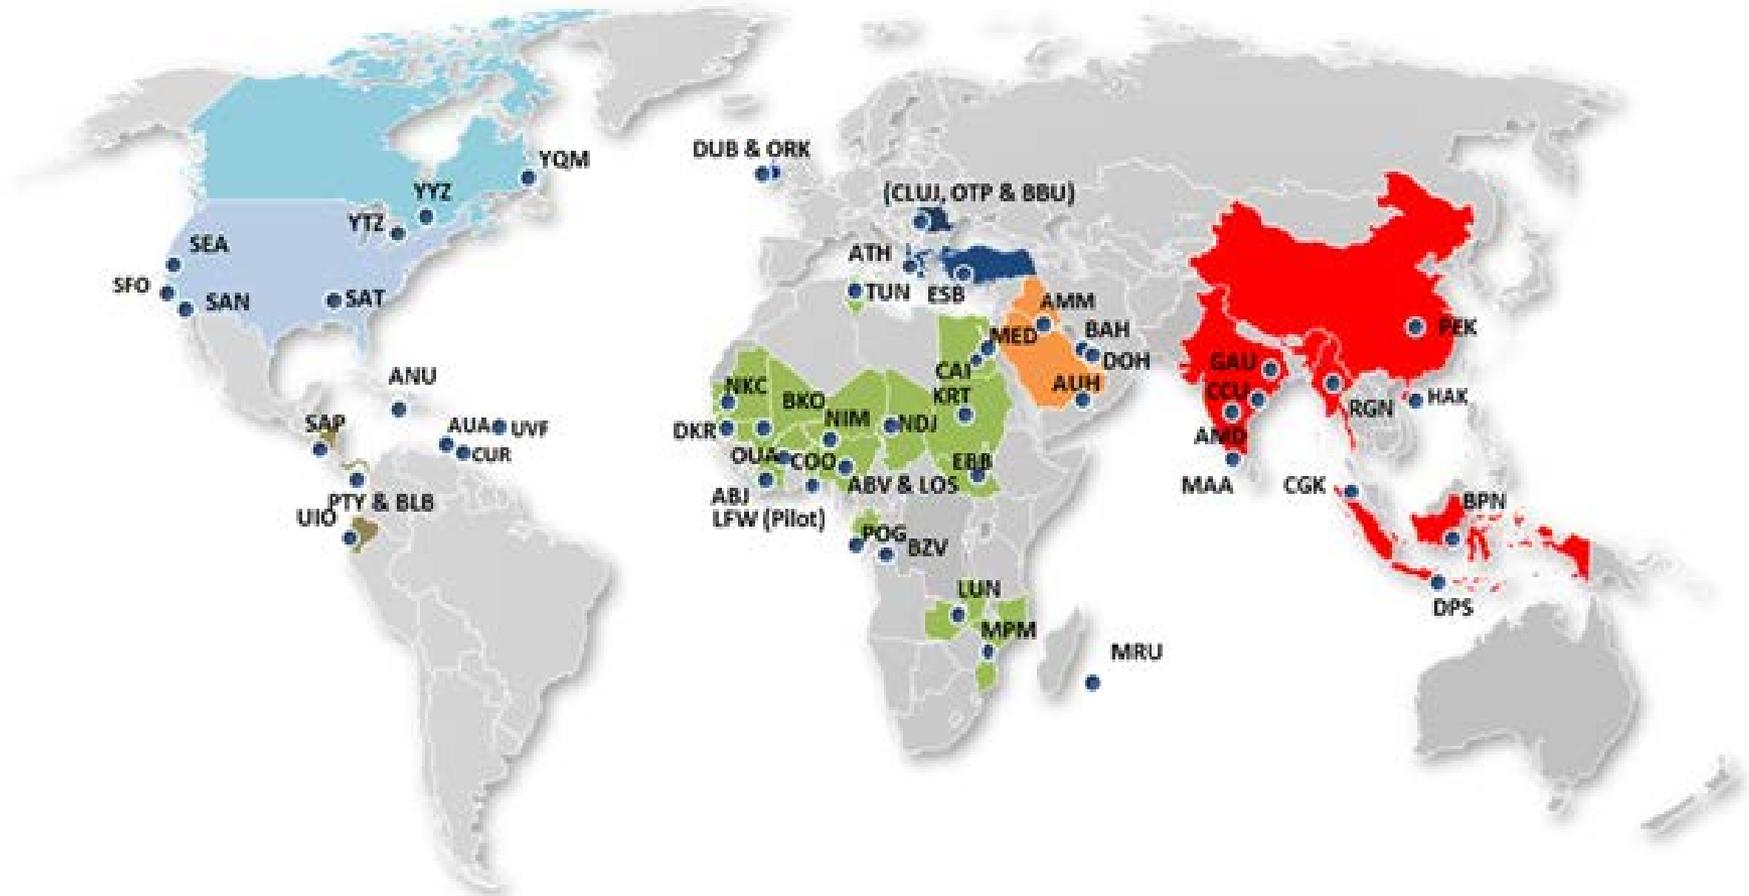

- ACI and ICAO in cooperation since 2011
- Peer-to-peer review – airports directly support the programme by providing expertise free of charge
- Access to a global network of expertise with support, training and mentoring
- Cost recovery from host airport – support from EASA, World Bank, ADF
- Compliance with ICAO SARPs and best practice
- *Safety Review Report* with observations, recommendations and implementation plan
- Develop analysis of common issues

**APEX** AIRPORT  
EXCELLENCE  
IN SAFETY

# APEX in Safety Reviews 2011- 2016
