

ICAO-SAA DGCAs Programme

Aviation Security

1 and 2 December 2018

Montréal, Canada

Organised by:

ICAO

OBJECTIVES

This executive Programme provides participants with specific knowledge pertaining to the international civil aviation security framework and its compliance. While the area of security may not fall directly under the purview of a State's civil aviation administration (CAA), the underlying principles covered in this Programme will enable CAAs to carry out their responsibilities to ensure the effective management of aviation security in their States. This Programme features a roundtable discussion on new emerging threats, challenges, considerations and international cooperation, as well as in-depth case study discussions.
