Agenda item 3

# **Coordination Mechanism among RASGs and with Headquarters**

Loretta Martin

(ICAO NACC RD and RASG-PA Secretary)

# Coordination Mechanism among RASGs and with HQs

- ✈️ Each RASG will be different according to region
- ✈️ Coordination based on global objectives and plans, avoiding duplication of efforts, ensuring efficiencies and consistency is needed
- ✈️ Coordination is the ICAO Secretariat responsibility
- ✈️ HQs should play a role in coordination
- ✈️ Decide which ANB section (ISM, OPS, or ISD) provides HQ support to ROs and define the coordination role – suggest OPS Section

# Coordination Mechanism between HQs and RASGs

- ✈️ Consider establishment of a RASG Board  
(not a new office nor positions)
- ✈️ Role: High-level strategy/policy/monitoring  
group
- ✈️ Suggested composition: RASG Secretaries +  
other RDs + D/ANB + ISM, OPS, and/or ISD  
Section Chiefs
- ✈️ Would meet only as necessary – similar to  
MARB

# Coordination Mechanism among RASGs

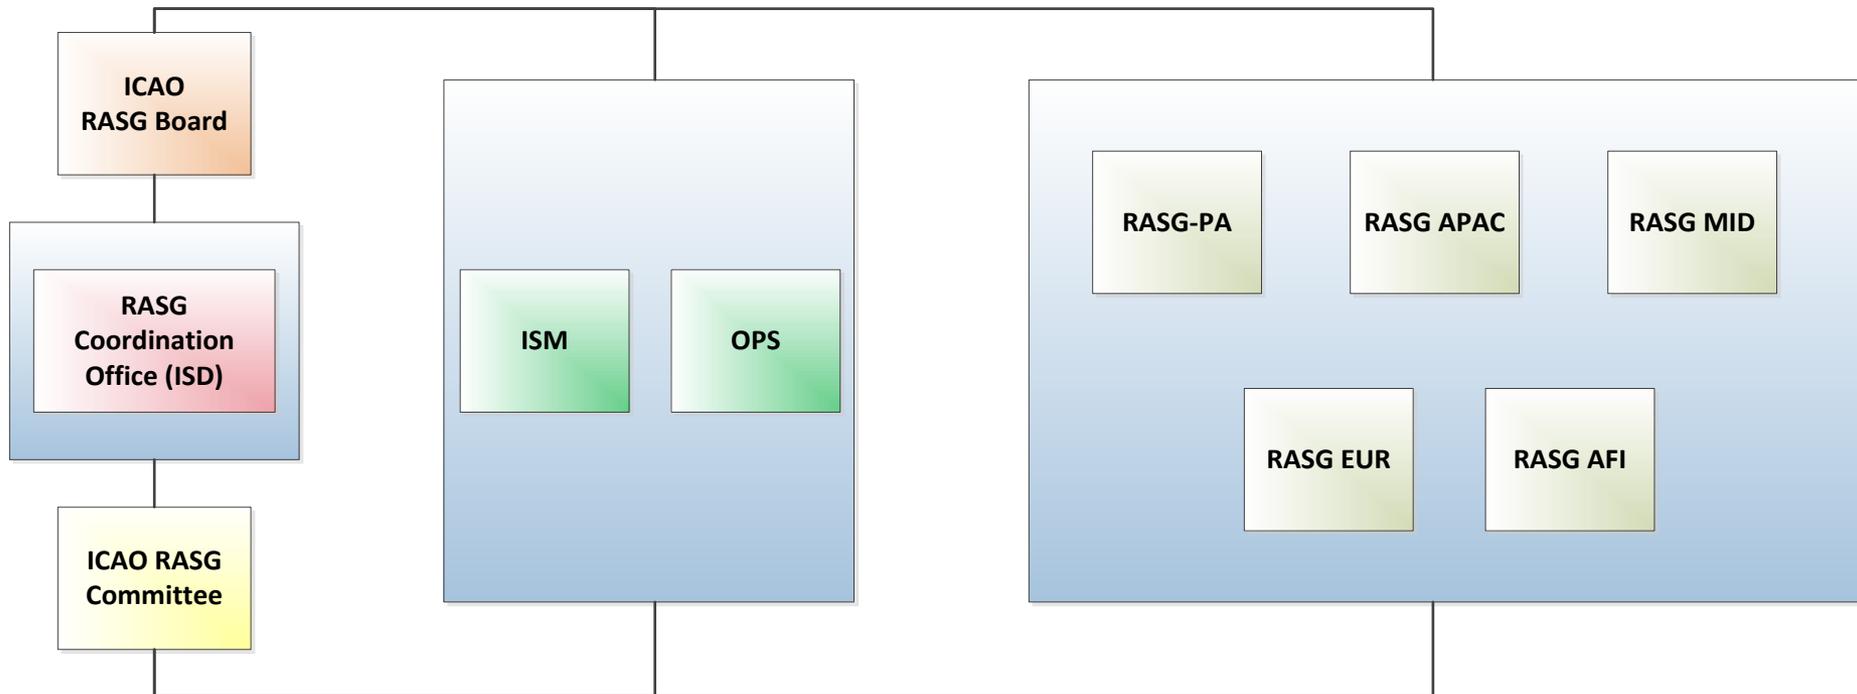

- ✈️ Consider establishment of a RASG Committee
- ✈️ Role: Operational level tactical coordination - work programme approach & methodology, performance metrics, best practices
- ✈️ Suggested composition: Appropriate ANB and RO officers + industry representatives + CAST + ECAST
- ✈️ Example activities: periodic telcons, sharing info on initiatives and lessons learned, etc.
