

# Balancing trade facilitation and security requirements

A large white commercial airplane is the central focus, parked on a tarmac. The aircraft is viewed from a low angle, emphasizing its size. In the background, an airport terminal building with a prominent control tower is visible under a clear sky. Ground service equipment, including a mobile staircases and a belt loader, is positioned around the aircraft. Several ground crew members in high-visibility vests are visible on the tarmac. The overall scene depicts a busy airport environment.
