Lomé, 20 March 2017

Dear Colleagues,

I wish to remind you that following the Lomé *Declaration on the Development of Air Cargo in Africa* dated 7 August 2014, and the Antananarivo *Declaration on the Sustainable Development of Air Transport in Africa* dated 27 March 2015, ICAO created in 2015 an interactive platform called State Air Transport Action Plan System (SATAPS), to assist States in providing information on the implementation status of the Declarations.

Togo started using this tool from its creation.

In order to prepare the Second Meeting on the Sustainable Development of Air Transport in Africa, which will be held from 28 to 31 March 2017 in Accra, and the Second Meeting on Air Cargo Development in Africa, to be held in Addis Ababa from 27 to 30 June 2017, I all invite you to upload information on the SATAPS so that we may together ascertain progress made following the Lomé and Antananarivo Declarations.

Very truly yours.

LATTA Dokisime Gnana
Chairman of the Lomé Meeting
(5-7 August 2017)
