

**CLAUDIA SCHWENDIMANN, MBA, MLE**

**Biography:**

Claudia Schwendimann has been working in the security document business for fifteen years and is the CEO of OeSD International, a daughter company of the Austrian State Printing House.

She advises governments of different countries on how to accommodate the special needs in e-passport and eID projects based on ICAO recommendations and modern production technologies.

Claudia is the Austrian ISO representative for MRTDs to ICAO and is contributing in various official roles to the eMRTD development (member of ICAO's Technical Advisory Group, member of ICAO's Implementation and Capacity Building Working Group, chairperson of the Expert Advisory Committee of FastPass Project for Automated Border Management, member of Intergraf's Committee of Experts).

She studied Sinology in Vienna and Beijing and received her Executive Master's degree in Business Administration from California State University, Hayward and recently she graduated as Master of Law and Economics at Imadec University, Vienna.
