ICAO

SECURITY & FACILITATION

IOM at a glance

International Organization for Migration (IOM)

The UN Migration Agency

- The UN Migration Agency, 169 Member States
- Focus on project and programme implementation
- Solid capacity to implement large-scale technical assistance projects round the world
- Scale of programming: 2760 projects with total budget USD 1.6 Billion (2016)
- Worldwide presence: offices in over 150 States and 400 field locations.
- Demonstrated ability to deliver results in challenging environments
- IOM's border management portfolio: total current budget USD 220 Million and 205 projects

ICAO

SECURITY & FACILITATION

Building on IOM-ICAO MoU

- MoU in NOV 2016
- MoU consolidated and structured the ongoing IOM-ICAO cooperation
- MoU major area – joint assistance project development and implementation
- TRIP Strategy implementation a huge challenge – v. ambitious
- ICAO focuses on developing standards and specifications
- Joint efforts are needed to make ICAO TRIP implemented globally
- Key concept: Linking ICAO’s expertise and guidance materials with IOM’s capacity to deliver results in the field
- IOM Action Plan for ICAO TRIP Implementation:
 - » Aligned with ICAO TRIP Implementation Roadmap
 - » Endorsed at TAG/TRIP/2
 - » In close cooperation with =====>>>>>

ICAO

SECURITY AND FACILITATION

TRIP-ICBWG

ICAO TRIP at a glance

Objective: all Member States are able to uniquely identify individuals

- 38th ICAO GA in 2013
- Five components
- ICAO TRIP Roadmap developed
- IOM Action Plan for ICAO TRIP implementation

What does it all mean for IOM?

- Opportunities to diversify assistance
- Need to prioritize our involvement

IOM Action Plan for ICAO TRIP Implementation: Focus areas for IOM work

- **MRTD procurement:** (e)Passport, visa, (e)ID card tenders, potentially CTDs
- **Evidence of Identity (Eoi):** advocacy and guidance – also setting processes and workflows based on Eoi principles
- **border management information systems (BMIS),** either MIDAS or others
- **PKD promotion** and increasing the number of members – a broad range of activities
- **Capacity building for border officials:** travel doc examination – and beyond. PEPM 2 and ICAO training package
- **Assessments:** focus on recommendations for future project development
- Document issuance and biometric data capturing - in **emergency and crisis environments** to people in distress
- And **API** - possibly other Interoperable Applications and intel tools as watch lists, PNR and developing intelligence capabilities of border agencies

IOM's in-house Border Management Information System:

- Enhances both border facilitation and security
- Collects, processes, stores, retrieves, analyses and matches traveller information (incl. biometrics)
- **Compatible with other Inspection Systems and Tools and Interoperable Applications:**
- Highly customizable
- Affordable: funded by donors or Government or both post project support.
- Robust and suitable for remote areas
- Governments have full and exclusive ownership of MIDAS' recorded traveler data; source code.
- Operates at 125 BCPs (land, air and sea) in **20 States**

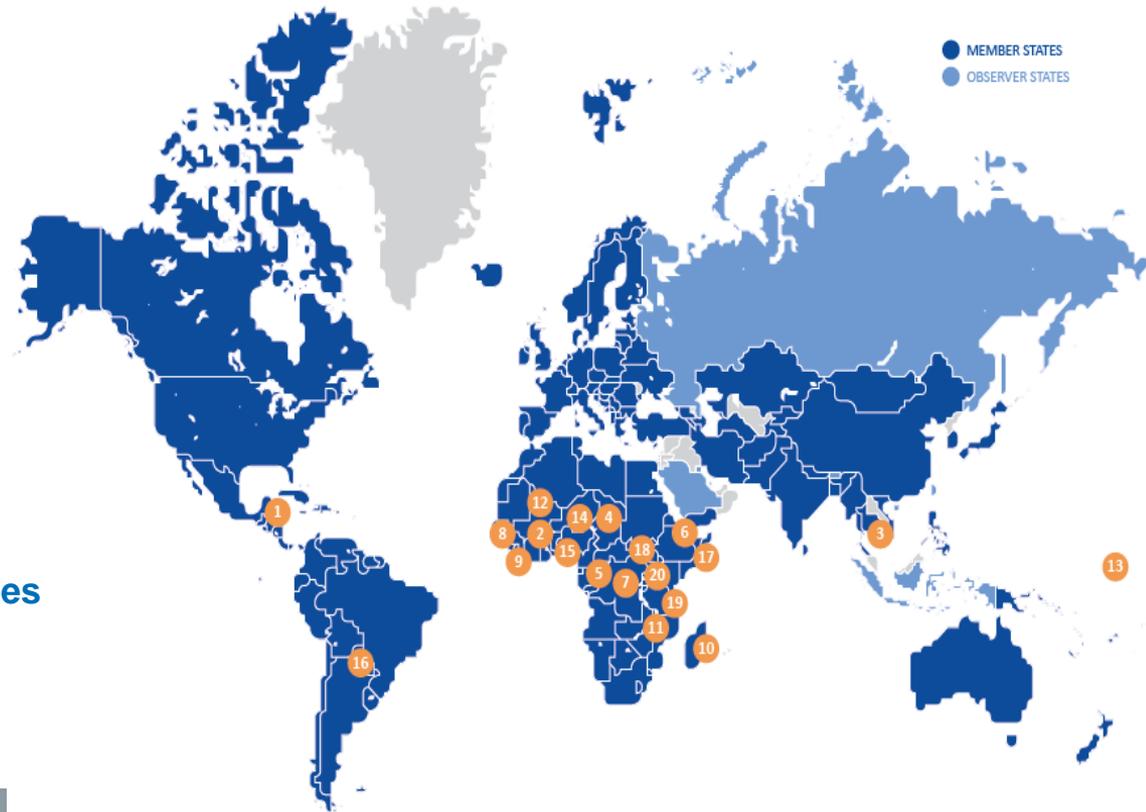

MIDAS
MIGRATION INFORMATION AND DATA ANALYSIS SYSTEM

Countries currently using/implementing MIDAS

1. Belize
2. Burkina Faso
3. Cambodia
4. Chad
5. Congo
6. Djibouti
7. DRC
8. Guinea
9. Liberia
10. Madagascar
11. Malawi
12. Mali
13. Marshall Islands
14. Niger
15. Nigeria
16. Paraguay
17. Somalia
18. South Sudan
19. Tanzania
20. Uganda

Prospective Countries TBC

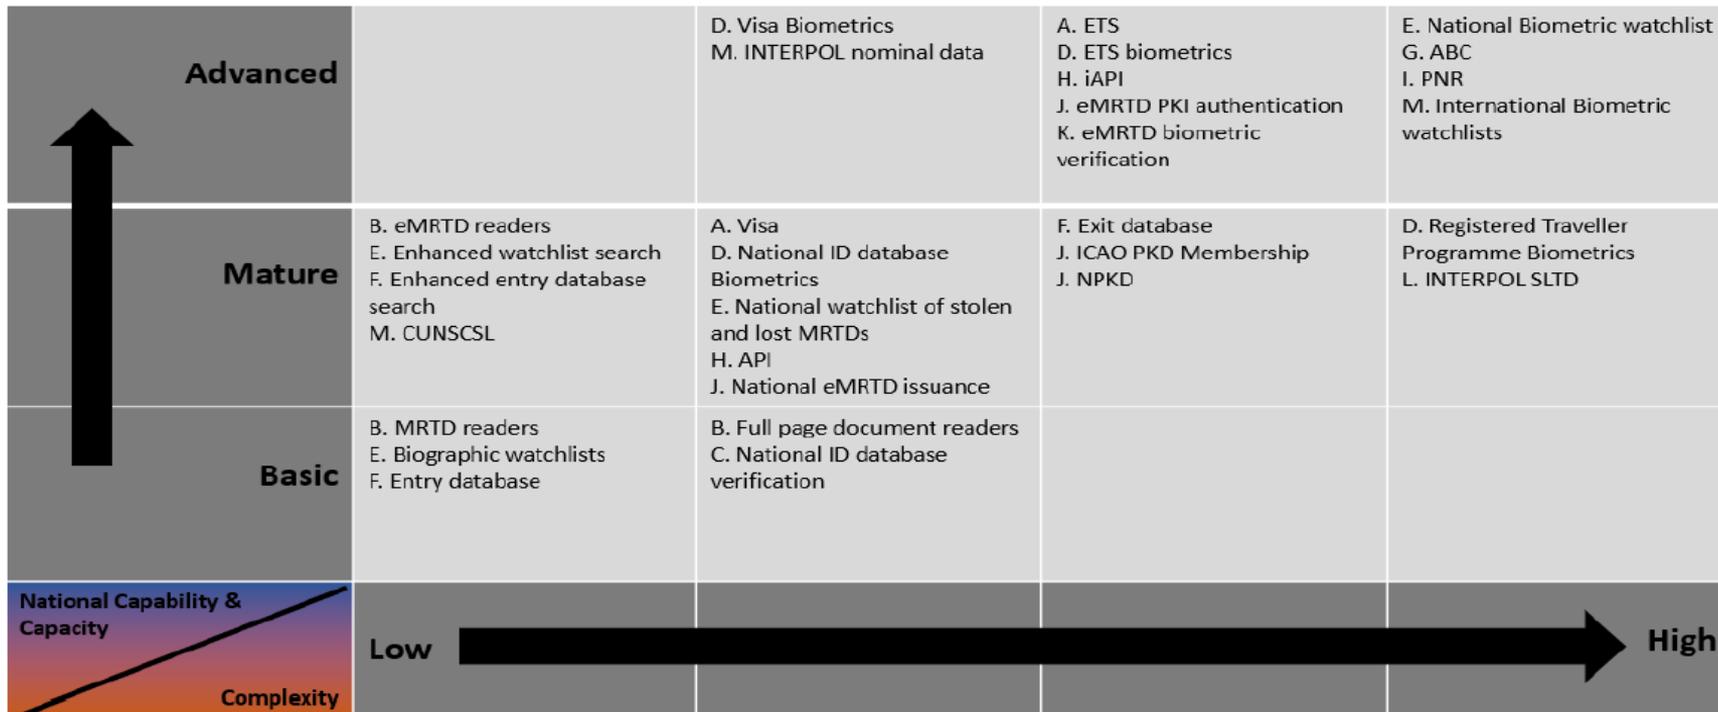

Integrating MIDAS with other ICAO TRIP IA/IST

- Interpol SLTD – all, now mandatory. Also VSAT connectivity
- API – Belize and Nigeria
- PKD – can but no requests
- ETA – South Sudan
- National and int'l watchlists
- Verification against National ID Database - Belize
- Residence Permit/ Visa Extension Module – Belize
- Others

Maturity Map

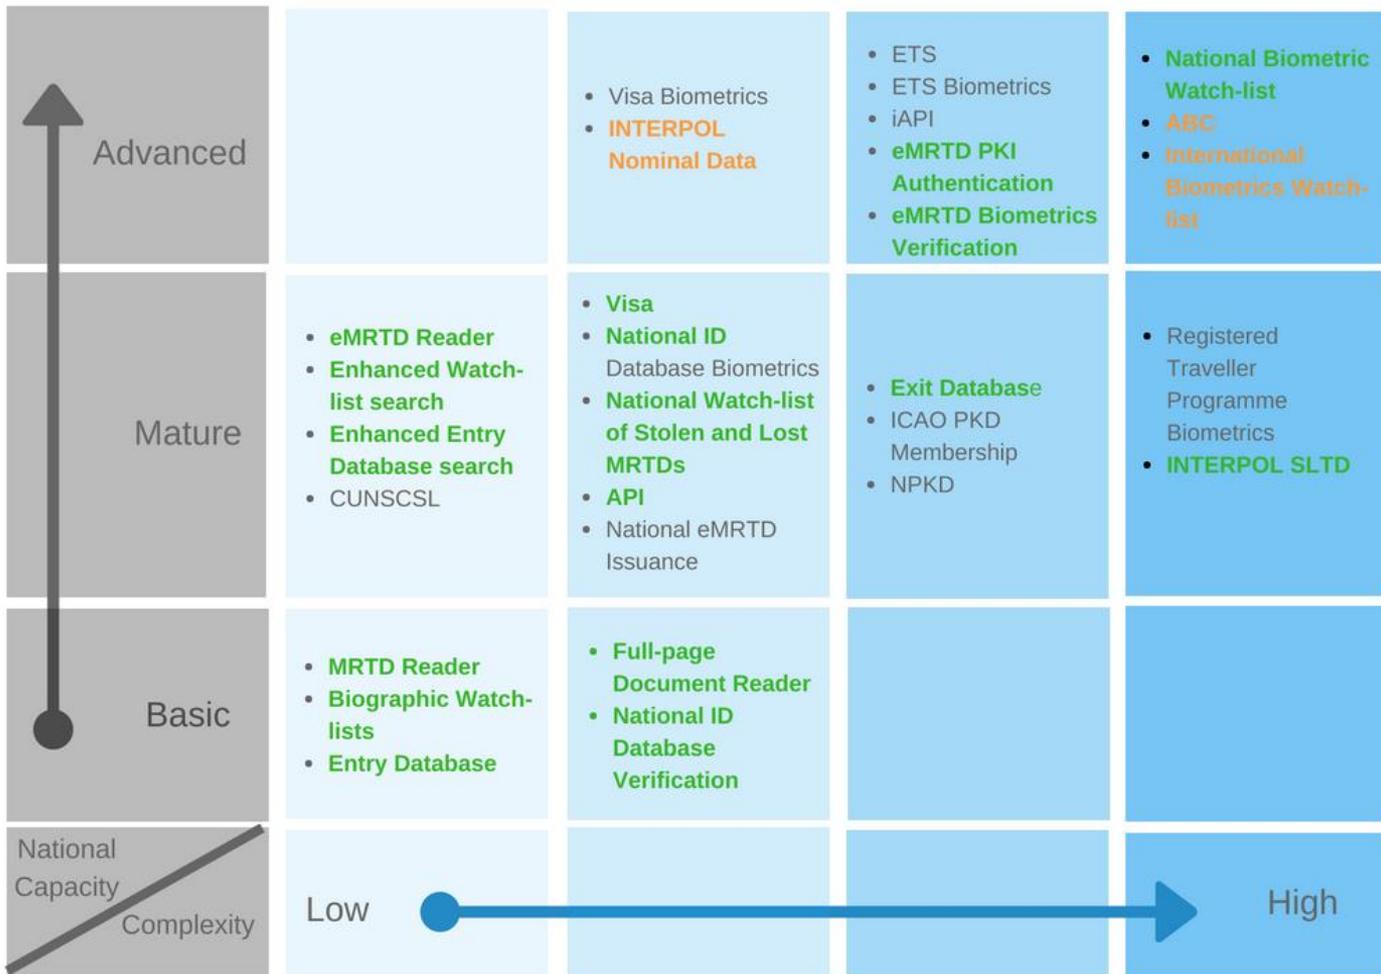

ICAO

MIDAS Interoperability

● Functions that MIDAS currently has

● Functions that are currently under development

And now back to the big picture – technical assistance to States in traveller identification management

1. Let us know about your technical assistance needs
2. The more we know about your challenges, the better we can respond
3. Respond through new project proposals, mobilized donor funding and international expertise
4. Some technical assistance can be ‘off the shelf’ – but often bespoke and adjusted to specific needs
5. IOM is approachable: contact IOM Mission in your capital, Regional Mission or IBM Division at HQ Geneva
