Montreal/26 June 2019

Expected Growth Means:

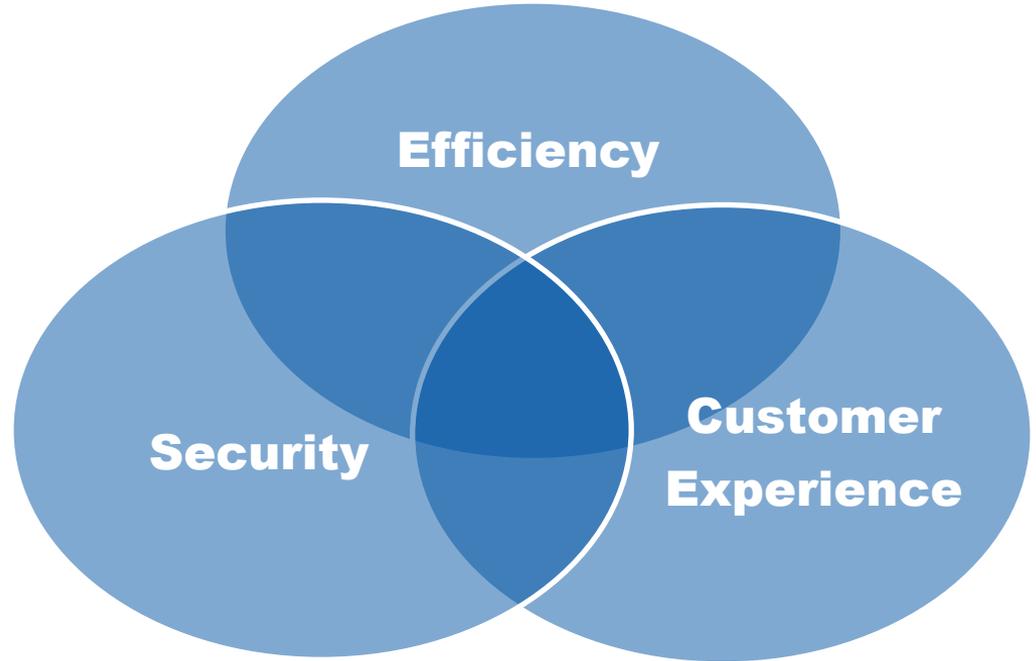

- Efficient border control and customs clearances
- Address airport congestion
- Accessibility for persons with disabilities

Efficiency, Security and Customer Experience

The three main key components that need to be maintained in balance to drive change.

1. Better Use of Available Data

1. Resource Allocation
2. Drive Efficiency and Accuracy
3. Risk-based Security Processing

SECURITY & FACILITATION

2. Digital Identity

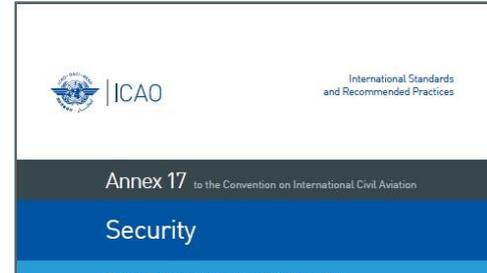

3. Opportunities

1. A More Joined-Up Approach

- a) Breaking Down Silos Between Aviation Security and Border Security
- b) Sharing Information and Intelligence on a Range of Threats

3. Opportunities

2. Technology and Adoption of Innovation

- a) Faster Adoption of Automated Processing
- b) Taking an Inclusive Risk-Based Approach
- c) Leveraging Emerging Technologies and Innovations
