INTERPOL

Why FIELDS

- Combination of the **highest data quality** standards (relevance, accuracy, reliability, and completeness) and the **fastest content growth** at a global level.
- Rapid data base response (<1 sec for one QCC query) in Border Management System.
- Targeting primarily front line users but also relevant for other users (e.g. consulates, issuing authorities, and other).

FIELDS strengths international cooperation to ensure security and travel facilitation.

Reference Manual **Quick Check Card**

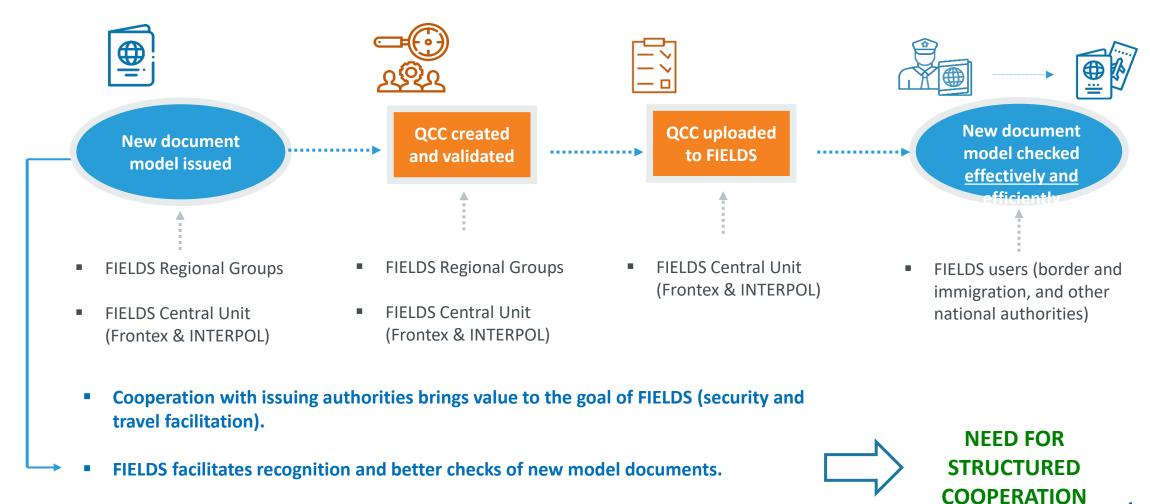

OCT 2024/ Ref. 2024 NLD ePO SP

ordinary passport 1. biodata page normal and UV light 2. personalization and serial number by laser engraving 3. tactile laser engraving 4. background printed in offset with fine line pattern and microprint 5. laminate embossing 6. secondary (ghost) image ovd under normal light 7. ovd 8. laser perforation 9. inner page(s) watermark 10. inner page(s) transmitted light watermark
