

**SAUDI ARABIA’S RESERVATION REGARDING  
ASSEMBLY RESOLUTION A38-18: CONSOLIDATED STATEMENT OF  
CONTINUING ICAO POLICIES AND PRACTICES RELATED TO  
ENVIRONMENTAL PROTECTION – CLIMATE CHANGE**

**Extract from the statement delivered during the Sixth Plenary Meeting on 4 October 2013**

“In Saudi Arabia we have concerns with regard to the aspirational goals and carbon neutral growth. These concerns are also shared by other States. We would like to have ICAO Resolutions that will dispel these concerns. We affirm our right to develop our civil aviation sector in accordance with our economic and social interests, without any burdensome cost impacts. That is why Saudi Arabia has to express a reservation on paragraph 7 of Resolution 17/2, which is to be adopted at this 38th Session of the Assembly.”
