Agenda Item 39: Annual Reports of the Council to the Assembly for 2010, 2011 and 2012

39.1. The Economic Commission, at its first meeting, considered relevant sections of the Annual Reports of the Council for 2010, 2011 and 2012 and the supplementary Report covering the first six months of 2013.

39.2. The chapters included “The World of Air Transport”, which deals with the principal trends and developments in the world economy, economic regulation of air transport including airlines, airports and air navigation services, and key industry stakeholders, as well as the chapter related to air transport work programmes which for the year 2010 is part of “Efficiency” and for the years 2011 and 2012 is part of “Strategic objective C” related to the sustainable development of air transport.

39.3. The Commission noted that ICAO’s air transport activities include on-going work on economic policies, economics of airports and air navigation services, aviation data activities including statistics, forecasting, and economic analysis, and joint financing. Also noted were activities in the field of air transport being considered by the Executive Committee, specifically that related to aviation security (facilitation and machine readable travel documents including the administration of the Public Key Directory (PKD)), and environmental protection.
