DAY TOUR OF QUEBEC CITY

Host: Government of Quebec

Québec, a UNESCO World Heritage Site, was founded by the French explorer Champlain in the early 17th century. It is the only North American city to have preserved its ramparts, together with the numerous bastions, gates and defensive works which still surround Old Québec. The Upper Town, built on the cliff, has remained the religious and administrative centre, with its churches, convents and other monuments like the Dauphine Redoubt, the Citadel and Château Frontenac. Together with the Lower Town and its ancient districts, it forms an urban ensemble which is one of the best examples of a fortified colonial city.

Upon arrival, you will enjoy a guided tour of the Parliament Building, built between 1786 and 1886 which houses the National Assembly Chamber, home to Québec's parliamentarians, the Legislative Council Room and the Speakers' Gallery. This will be followed by a lunch.

We then depart for a guided tour of Old Quebec. You will enjoy a stroll along Saint-Louis street, a glance at the Ursulines Convent, the Dufferin Terrace and get familiarized with the Lower Part of the City.

Departure for Montréal at 1530 hours - Arrival at approximately 1830 hours at ICAO.

N.B. Comfortable shoes, warm clothing and an umbrella suggested.
