

Policy Requests for Member States

PRICE ON CARBON

Put in place policies that reward fuels for reducing their carbon intensity.

SUSTAINABLE SUPPLY CHAINS

*Align your Ministries of Agriculture, Energy and Environment to recognize and realize opportunities for biofuel driven **Rural Development**.*

DE-RISK INVESTMENT

*Partner with **Sustainable Energy for All** to recruit Green and Climate Finance to your country/region that can be used to **de-risk Private Sector Investment** in Agriculture and Renewable Energy.*
