STEPHEN P. CREAMER

Director, Air Navigation Bureau
International Civil Aviation Organization
United Nations

Steve Creamer is the new Director of the Air Navigation Bureau at ICAO, taking responsibility for the role in April 2015. Steve has held a number of executive and managerial positions at the U.S. Federal Aviation Administration with over 33 years' experience in the Air Traffic and International Aviation organizations. They include serving as FAA Regional Office Director for Europe, Africa and the Middle East; and serving as a member of the ICAO Air Navigation Commission.

Steve began his career in air traffic operations, eventually managing all Alaskan and North Pacific airspace, pioneering new airspace use techniques that improved capacity and access for all operators. More recently his work has broadened to the international implementation of procedures and technology systems that improve aviation safety, with a careful eye toward retaining capacity and efficiency.
