

Henk Hof

Head of ICAO and Concept Unit, EUROCONTROL

Henk Hof works for EUROCONTROL as Head of ICAO and Concept Unit. He is responsible for the contribution of the EUROCONTROL Agency to ICAO and for strategic initiation and facilitation on Concept development. Hof is a member and the chairman of the ICAO ATM Requirements and Performance Panel (ATMRPP) and chairman of the ICAO Global Aeronautical Distress and Safety System (GADSS) Advisory Group. The ICAO ATMRPP is the Panel developing new concepts for ATM such as the transformational concept of Trajectory Based Operations.
