

Karlin Toner

Director, Global Strategy, Office of International Affairs, Federal Aviation Administration

Dr. Karlin Toner is the Director of Global Strategy at the Federal Aviation Administration (FAA) Office of Policy, International Affairs & Environment. Toner provides executive leadership in planning, directing and coordinating the policies, goals and objectives of the FAA's international strategy. Toner brings together stakeholders from across the agency to make data-informed decisions on the enterprise-level approach to managing international activities in a way that responds to global aviation growth while maintaining safety, air traffic efficiency and environmental sustainability. Toner provides direction on FAA's engagement with the International Civil Aviation Organization (ICAO) to ensure a unified U.S. presence for standards setting at ICAO Headquarters as well as regional implementation.
