AVIATION SECURITY

What is it

Why does it exist

HISTORICAL PERSPECTIVE

- Hijackings
- Airport Attacks

ICAO | NGAP

NO COUNTRY
LEFT BEHIND

OPPORTUNITIES

TRADITIONAL

- Regulators
- AVSEC Instructors
- Law Enforcement
- Document Specialists
- In-flight Security Officers

NGAP

- Cybersecurity
- Biometrics
- Facial Recognition
- Artificial Intelligence
- Innovators

Smart Checkpoint Concept

AVSEC PROGRAMME

1. Aviation Security Policy
2. Aviation Security Audits
3. Implementation Support and Development - Security
4. Facilitation

Objective of Global Aviation Security Plan (GASeP)

- Help ICAO, States and stakeholders **enhance the effectiveness of global aviation security.**
 - Unite the international aviation security community, taking into account evolving threats and risks
 - Facilitate States to fulfil the commitments set out in UNSCR 2309 (2016) and relevant ICAO Assembly Resolutions

GASeP OVERARCHING PRINCIPLES

- No Country Left Behind
- Effective implementation and compliance
- Sustainability
- Cooperation and information sharing
- Security culture and human capacity development
- Innovation
