RASG-PA WORK PROGRAMME FOR 2014

(Presented by the Secretariat)

SUMMARY

The Regional Aviation Safety Group – Pan America (RASG-PA) develops its annual programme of meetings and events based on its primary goal to be the focal point to ensure harmonization and coordination of safety efforts aimed at reducing aviation safety risks in North America, Central America, Caribbean (NAM/CAR) and South America (SAM) and promote implementation of the resulting safety enhancement initiatives by all stakeholders.

To fulfill its work programme, RASG-PA depends on the financial support and in-kind donations of its members. This support is crucial to the advancement of initiatives and projects developed and championed by RASG-PA.

Each year, based on current activities, initiatives, and membership guidance, RASG-PA develops a tentative work programme to provide the necessary guidance and forum to accomplish its mission.
