1. Introduction

1.1 With the implementation of the quality assurance system and the continuous improvement in the management of the ICAO Technical Cooperation Bureau Projects, several forms are being used to measure, evaluate and follow-up on the results of the projects. These forms have to be completed by the authorities who are receiving the assistance.

1.2 The information provided in these evaluations represent a valuable contribution to the maintenance and strengthening of the effort and work aimed to a more efficient project management.

1.3 It is appreciated that States provide the information requested and to speed up the pertinent actions to reach the implementation goals established in the work programme of the project.

2. Annual evaluation of the project's progress

2.1 The **Appendix** to this paper contains the Performance Evaluation of Project RLA/09/801.

3. Suggested Action

3.1 The Meeting is invited to:

- a) take note of the information contained in this working paper; and
- b) complete the evaluation of the project contained in the Appendix and return it duly filled to the Secretariat by the end of this Meeting.
