Required: Register participation by **18 June 2021**

Dear Sir/Madam,

I wish to inform you that the Harmonization of the Regulatory Framework - Project Kick-Off Meeting will be held on line on 21 June 2021, at 13:00 hours CDT (UTC -5). Therefore, I invite you to save the aforementioned date. The draft Agenda of the event will be sent at a later date. Simultaneous English-Spanish interpretation services will be provided.

The Harmonization of the Regulatory Framework Project, presented at ICAO Virtual Meeting for Civil Aviation Authorities Directors General On Aviation Recovery in the North American, Central American and Caribbean (NACC) States held On 15 December 2020, will provide a regional regulatory harmonization mechanism to update State legislation and standards, as well as the creation of a system to support recognition and delegation of authority to inspectors in order to assist other States in their safety oversight obligations implementation.

This scheme of harmonised regulations will also help industry by facilitating international operations, and greater cohesion among aviation actors. Considering the State current regulations, this project will support them in further strengthening their regulatory scheme and promoting the exchange of transnational inspectors and support between States.

The project has the wide acceptance and support of the industry as ALTA and the collaboration of Champion States and organizations such as Canada, United States and COCESNA, so participation of States as well as industry will be key to the success of this project. We would appreciate confirmation of your participation by **18 June 2021** at the following link:
