1. Introduction

1.1 GREPECAS 20 has Conclusions or Decisions in the AIM area that require acting in this AIM TF 06 Meeting. Likewise, those ANS Meetings that could contain explicit or implicit AIM actions will be reviewed.

1.2 Therefore, the ICAO Secretariat and the AIM/TF Rapporteur ship invite the Meeting to discuss, review and consider the actions that should be taken regarding the Conclusions related to AIM, which could change the priorities in the Work Program and the implementation processes of Air Navigation Services (ANS).

1.3 As a result of the discussion of this Note, the CAR States at this meeting are requested to review the Conclusions and Decisions that are included in the **Appendix** to this Working Paper for the Meeting reference, indicating which ones have a special priority for follow-up actions.

2. Analysis

2.1 Carrying out an evaluation of the information in the Appendix, adjustments to the AIM Group work program will be obtained or other activities will be added to the following period until the next Meeting (AIM/TF/07) next year 2024.

2.2 In the same way, it is very important to identify the group for these follow-up actions to be presented to the next NACC WG 08 Meeting and later to the GREPECAS 21 Meeting.

3. Suggested actions

3.1 The Meeting is invited to:

- a. take note of the AIM Conclusions and Decisions presented in detail in the Appendix to this Working Paper, derived from the GREPECAS/20 Meeting;
- b. take the necessary actions to follow up on the AIM Conclusions and Decisions; and
- c. discuss any other course of action that allows updating the information.
