# ATFM TF Deliverables and Results

- ✓ ATFM minimum requirements for the CAR region - The ATFM Taskforce will continue to work with the secretariat on the development of the CAR/SAM ANP Vol 3
- ✓ ATFM Performance Measurement - ATFM programme effectiveness:
  - How effective is the ATFM measure implemented in delivering the intended level of traffic?
  - Compliance assessment: How well do stakeholders comply with the ATFM measure?
  - Impact analysis: Who are impacted by the ATFM programme, and how?
- ✓ Identified 3 KPIs to be address by the CAR/SAM ANP Vol III: Capacity, Efficiency and Predictability

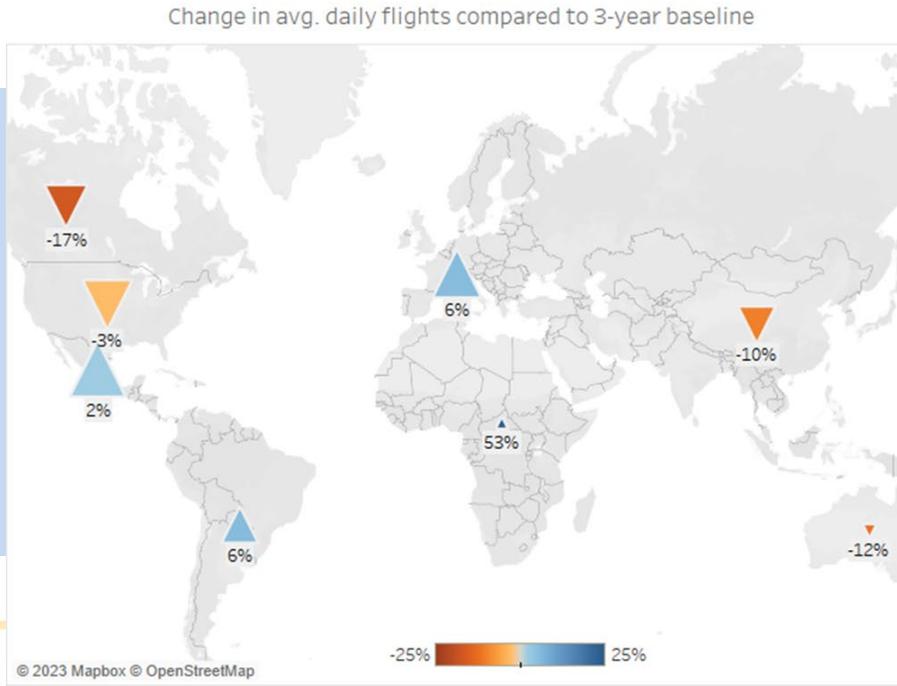

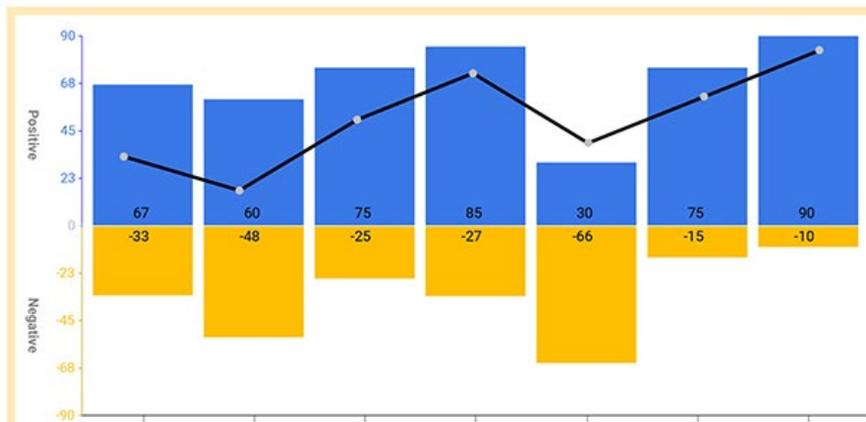

# ATFM TF Future Work Programme priorities - 1

- ✓ Continue Collaborative Decision Making outreach via virtual workshops.
- ✓ Continue efforts to enable ANSPs to connect to a basic ATFM platform for real-time demand visualization and awareness.

# ATFM TF Future Work Programme priorities - 2

✓ Improve Pre-Event Planning and coordination, collaboration with stakeholders

✓ Improve Post-Event Analysis.  
 ✓ Improve Seasonal Review Capability with stakeholders.

# ATFM TF Future Work Programme priorities - 3

- ✓ Task force will support planning for the FIFA 2026 World Cup which will be held in three states within the region.

# ATFM TF Conclusions and Recommendations

- ✓ The ATFM TF will continue to support the region in its ongoing evolution toward better strategic decision making
- ✓ The ATFM TF will maintain its advisory role in establishing performance measurement in the region
- ✓ The ATFM TF continues to encourage and promote the use of the CANSO Air Traffic Flow Management Data Exchange Network for the Americas (CADENA) platform as a mechanism to facilitate data sharing and promote a common situational awareness that is vital to the safe, efficient, and harmonized flow of air traffic.

# ATFM TF WP Suggested Action

The meeting is invited to:

- Evaluate the progress of the ATFM Task Force detailed in this paper; and
- Support the conclusions and recommendations
