

# ATFM Task Force Team

(3rd Meeting)

September 12, 2013

# Regional Needs Assessment

- Lets talk....
- Better reliable times, FPs, fuel saving, better info
- CDM systems? Is Region ready to implement ATFM? Equipment?
- Better coordination including LOAs, better “Tactical Planning”, better service to customers,
- Coordination & Cooperation! Sharing the “Tactical Picture with ANSPs/customers.
- How can we better share with each other tactically?
- Harmonization of system. How do we do this? Costs are a big factor?
- How do we share info much better; & Military SUA.
- 3 levels of experience. Entry, Intermediate & Advance?
- Can we ask each state what type of budget they have for ATFM? And can we share this with everyone?
- Airport & airspace capacity (DR) still not done but soon! Has anyone else completed this?
- Cocosna: must coordinate with 5 states. Implement ATFM regionally within Cocosna! Economy is a real issue/funds?
- Survey? Sharing of Info!

# Regional Needs Assessment Con't.

- Continuation:
- Send email with POC info
- European web link
- Notes of today's web conference
- Summary of levels: beginner, inter, advance
- Vision: basic entry level concepts for everyone to use
- Give them an example of recorded web conf I did on ATFM
- Remind them of what the ToR's specify that we should accomplish
- How do we conference/communicate in the future? Telcon bridge & web link together!
- Next mtg is Thursday, Sep 19 @ 1700 UTC
