NAM/CAR ATFM Task Force

3rd - Go-To Meeting

Purpose/Goals

- Exchange ideas and information to establish a harmonized, collaborative and progressive ATFM action plan for NAM/CAR Region
- Build a core foundation of understanding ATFM Philosophy
- Solicit and invite aviation stakeholders to contribute
- Simplify tasking, measurable and realistic achievable goals
- Foster an open, collaborative approach regarding information sharing
- Implement short term enhancements and strategies that will be cost sensitive and provide instantaneous regional benefit to the aviation community.
- Develop and cultivate a “Collaborative Culture” where ANSPs, stakeholders, industry participants and academia can contribute

Data Source

- The data was collected by the ATO AJR-D office using TFMS data
- The data represents IFR and VFR (i.e. VFR flight following) air traffic assigned a discrete beacon code
- The data is for calendar years (CY) 2013 and 2014
- Pie charts represent average number of annual flights for CY 2013 and 2014
