Fake ID: For fake id, novelty id and photo ID in the UK and USA.
There's a lot of scams out there when buying an fake or novelty ID card. [a good fake id review website] - I've used it. :) Legal ID : Novelty ID cards are legal. Made up designs where the designer of the card owns the copyright. You can legally buy these in the UK. There is nothing wrong with this. However using it to deceive is illegal. So be careful what you do with it! More information - What is Novelty ID? Here's some warnings : A) Don't buy from sites located in the USA. They are all scams. [Read more](#)

NoveltyIdSite
Don't be taken for your money! Find out what customers have to say about their supplier before you make a purchase. To the left you will find links to participating Fake ID and Fake Diploma suppliers. Take a moment to see what some of their customers rated the novelty id or diploma they received. Then when you place an order with one of our advertisers, you will receive a review code with your order that will allow you to come back to this site and rank your supplier. We hope you find the Fake ID card or Diploma you are looking for. [Read more](#)

Underground-Review
Fake ID or Novelty ID. Before you buy a fake id reading my novelty id site reviews could make the difference between getting the novelty id you want or getting ripped off by a fake id site! I only now list good novelty id sites, if the fake id site is not listed on my board then be careful. I am always looking for new sites where you can buy fake id, the bad novelty id places or scam fake id ones I leave out, so just because the novelty id site is not listed does not mean its a legit place to buy fake id. When a fake id seller is not listed here it is almost certain to be a scam novelty id outfit. Stay away from any fake id sites in the USA or Canada. [Read more](#)

Health Care Fraud

Health card photo ID may have prevented identity mix up

no picture

no binding

weak security

On May 21, 2009, a man died from natural causes after being admitted to Foothills Hospital. The deceased apparently gave a false name, address, health care number, and date of birth. He was buried under the false name.

It was only on April 20, 2010 that the error was realized.

Somali-Canadian woman jailed as she tries to leave Kenya

July 3, 2009

Written by [kenyanobserver](#), in IMMIGRATION

[Leave a Comment](#)

Ms Haji (below). Her son, ex-husband and son's caretaker (above)

Suaad Mohamud Haji, 31, a computer technician from Toronto Canada went Kenya to check on her ailing mother April 29th. On her way back, she was stopped at the immigration checkout window and jailed in Kenya for 8 days because she looked nothing like the four-year old picture on her passport.

Ms. Haji has requested the Kenyan authorities to fingerprint her and verify her identity but they refuse saying she is not a criminal. They (Kenyan immigration) have also notified the Canadian embassy in Nairobi to vouch

for one of their own and they seem to be taking their sweet time hiding behind the thick veil of bureaucracy.

Woman's Kenya 'nightmare' ends with Toronto reunion

Last Updated: Saturday, August 15, 2009 | 9:59 PM ET [Comments](#) 856 [Recommend](#) 208
[CBC News](#)

A Canadian woman stranded in Kenya on charges of identity fraud was reunited with her 12-year-old son in Toronto on Saturday, ending a three-month ordeal she described as a "nightmare."

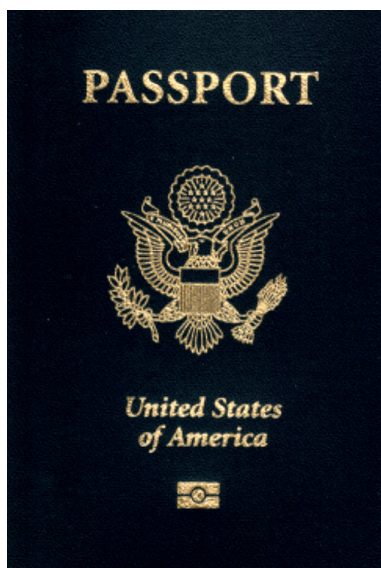

Suaad Haji Mohamud, left, embraces her 12-year-old son Mohamed Hussein upon arriving at Pearson International Airport in Toronto on

"My boy, my boy," Suaad Haji Mohamud said as she embraced her son Mohamed Hussein amid a throng of relatives and reporters at Pearson International Airport.

"You can't imagine, I'm really happy to come back, I'm really, really happy to come home," Mohamud reporters. "I'm glad my own nightmare is over."

Mohamud made no other comment and was quickly ushered away with the help of two police officers escorting her as the crowd of supporters cheered and applauded her.

A woman with short blonde hair is shown in profile, looking down at a smartphone she is holding with both hands. The entire image is overlaid with a semi-transparent teal color. In the bottom right corner, there are several light blue, stylized geometric shapes that resemble chevrons or arrows pointing in various directions. The text 'ePassports - Complexity' is written in a white, sans-serif font across the middle of the image.

ePassports - Complexity

Electronic identity Documents

Why electronic ID documents?

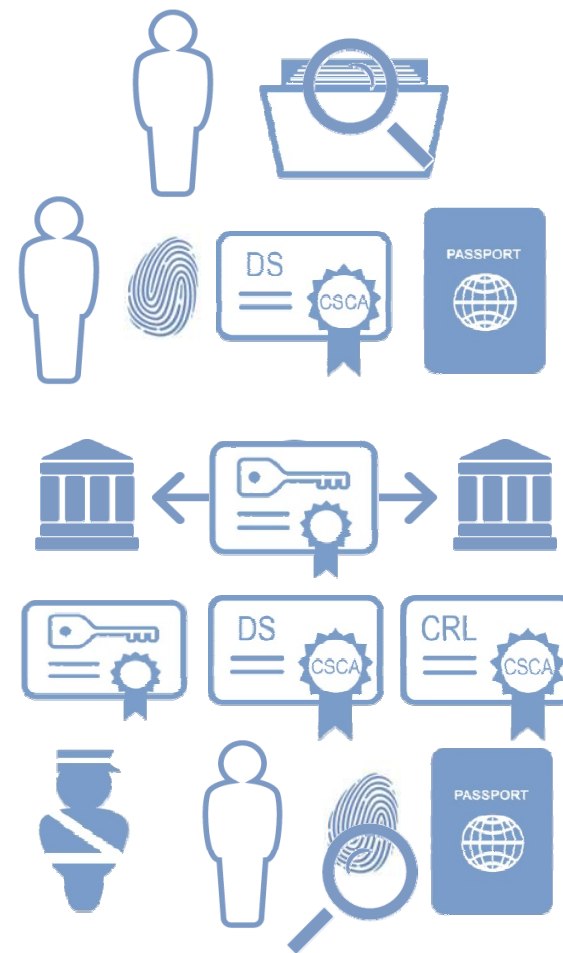

- Strong Binding
- Mitigate threats of document forgery
- Mitigate Individual Impersonation

Enhance services & Increase security

Requirements for Trust in ePassports

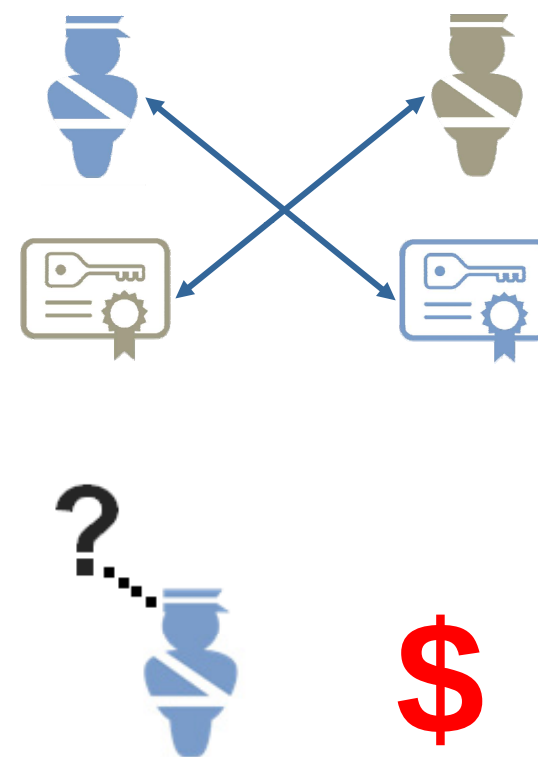

- Rigorous Original Identity Vetting
- Strong Binding of Individual to ePassport at issuance
- Global Interoperable Trust Framework
- Validation of Document Authenticity
- Validation of Binding

And when that time comes....

Effort Associated with:

- Implementation
- Establishing Trust Linkages
- Integration with PKD
- Certificate Key Management
- On-Going Maintenance
- Complexity of 2nd Generation EAC
- Border Validation
