- 1. NAVISAT OBJECTIVES
- 2. NAVISAT steering committee
- 3. NAVISAT Potential Missions
- 4. Institutional Concept
- 5. NAVISAT implementation plan

# HIGH LEVEL OBJECTIVES OF NAVISAT

- To allow major improvements in CNS services, and thus to contribute to improvements in the safety and efficiency of air transport
- To be more cost-effective than existing systems from the system operator and the users viewpoints
- To reuse existing infrastructure as much as possible
- To cover a large region (AFI/MID), while being interoperable with systems from other regions as much as possible,

### NAVISAT steering committee

#### **NAVISAT Potential Missions**

- GPS-like signals
- Integrity data
- Correction data
- Enhancement of GPS availability

Ground-ground voice and data links for air traffic services and operational services

Ground-air voice and data communications for air traffic control and operational services

for civil aviation's and airlines

**Mobile Communications** 

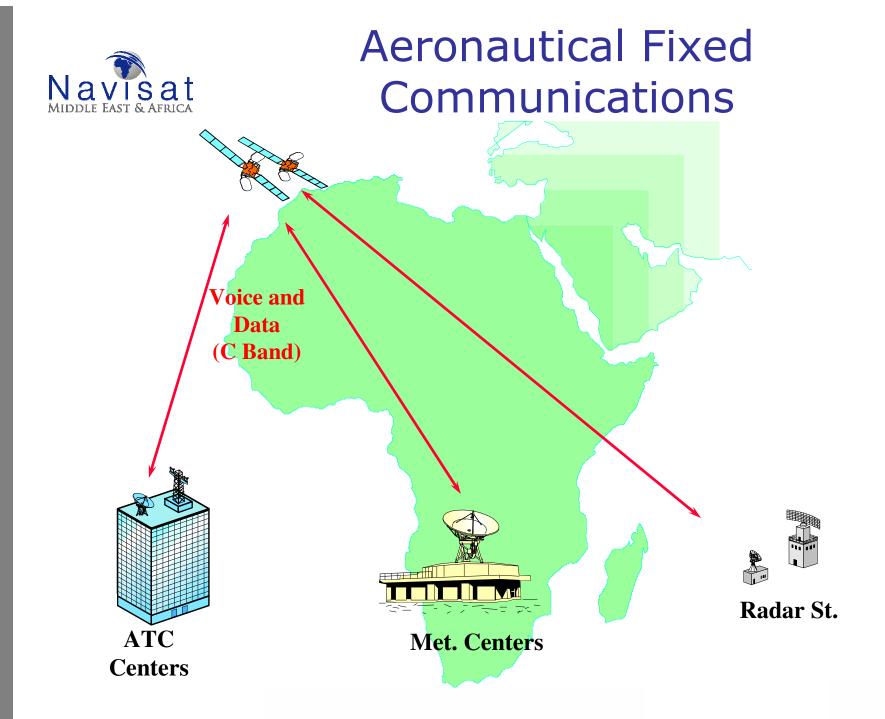

Fixed Communications for civil aviation's

VAUTICAL

**Navigation Payload** 

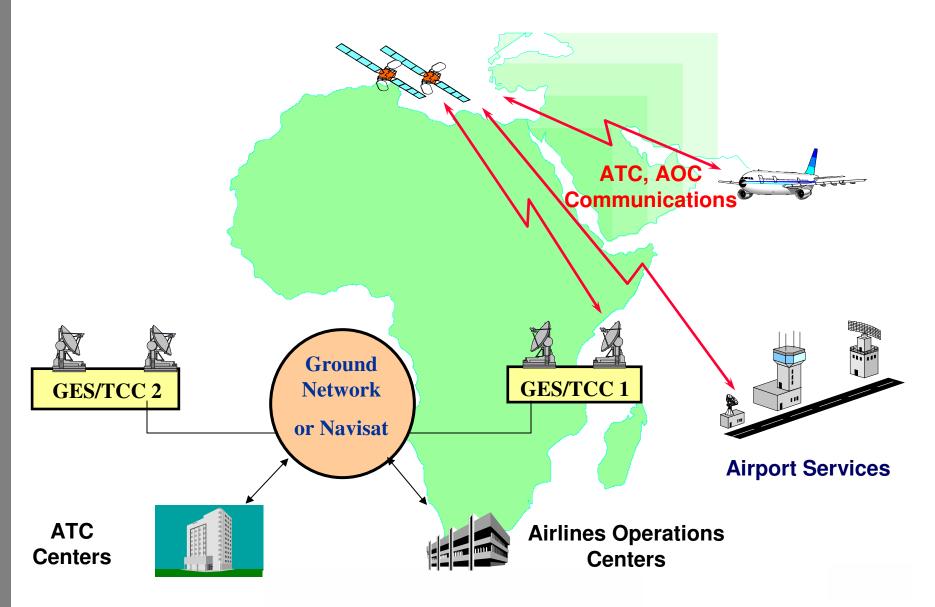

**NAVISAT** 

COMPLEMENTARY MISSION

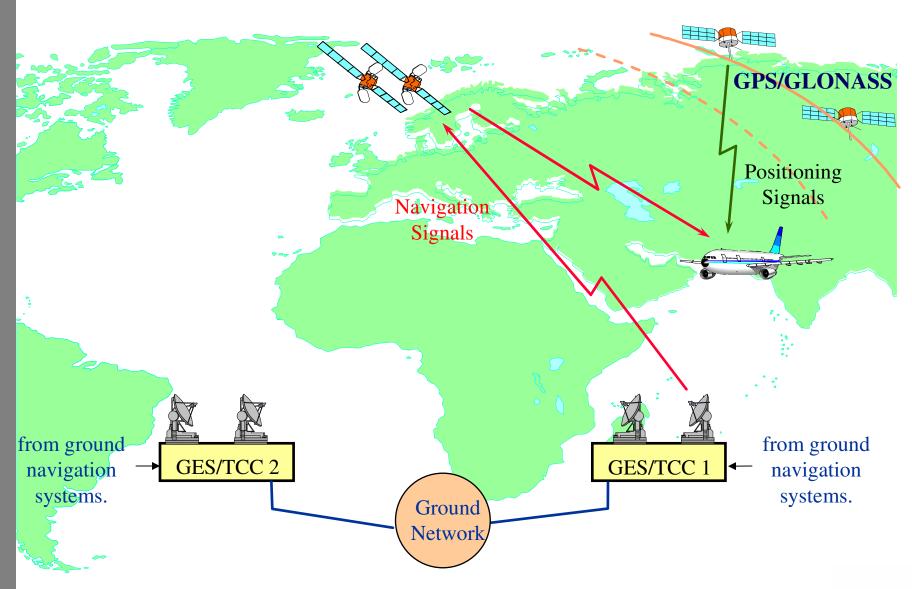

#### **Aeronautical Mobile Communications**

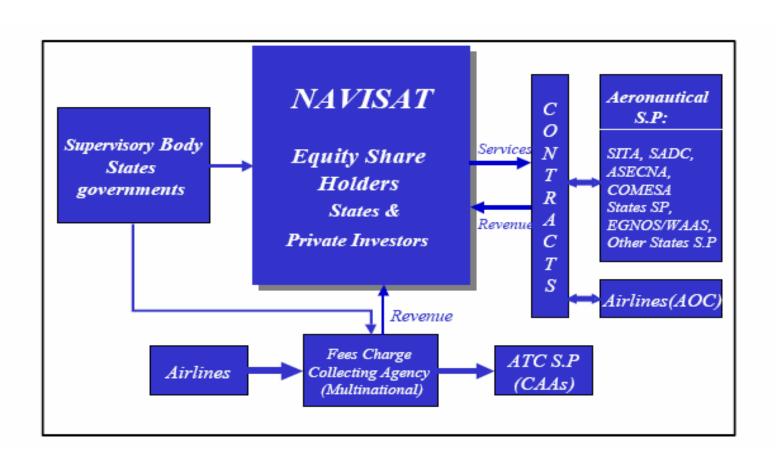

### **Navigation System**

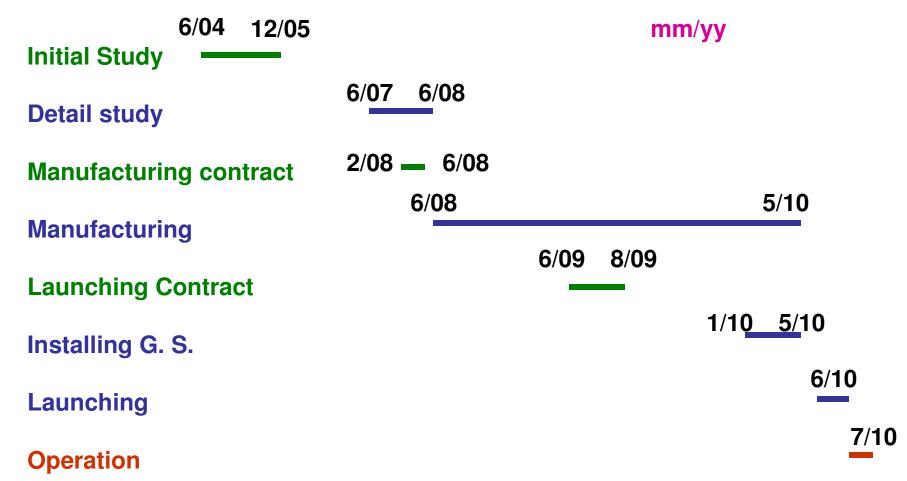

### Institutional Concept
