

**INTERNATIONAL CIVIL AVIATION ORGANIZATION
SAT 12 Meeting (SAT/12)**

Sal, Cape Verde 15 - 17 December 2004.

Agenda Item 3 : Air Traffic Management

Data Collection for RVSM/RNP10 Post implementation Report.

(Presented by Spain)

SUMMARY

This paper reminds States and Companies the necessity to notify SATMA all relevant data necessary for a continuous evaluation of RVSM/RNP10 conditions in EUR/SAM Corridor.

1. Introduction.

SAT Conclusion 10/2 established that, in order to ensure the stability, safety and efficiency of the new environment after the implementation of RNP 10 and RVSM, SATMA develop a post implementation assessment program **based on data from all States involved** .

2. Conclusion.

So, States and Companies are asked to send SATMA (satma@aena.es) any relevant information about deviations, RVSM traffics, and other contingencies following the Data Collection Procedures established by SAT group along the SAT meetings
