

INTERNATIONAL CIVIL AVIATION ORGANIZATION

FIRST MEETING OF THE AFI REGION AIM IMPLEMENTATION TASK FORCE

Agenda Item 3 : Status of implementation of the ICAO requirements in the AIS/MAP field in the AFI Region (deficiencies).

(Presented by Secretariat)

Summary

This paper contains major air navigation deficiencies in the AFI Region in the fields of AIS/MAP as updated by the Secretariat and by States. These were developed using the uniform methodology for identification, assessment and reporting of air navigation deficiencies adopted by the ALLPIRG, the ANC and the Council for global application by all ICAO PIRGs. Action by the Meeting is proposed at paragraph 3.

References:

APIRG/17 Report

ICAO Strategic Objective A: Safety and D: Efficiency

1. Introduction

1.1 Identification, assessment, tracking and reporting of air navigation deficiencies is one of the regular tasks of the ICAO planning and implementation regional groups (PIRGs). To achieve consistency in this matter, a uniform methodology was developed and endorsed by the Air Navigation Commission

2. Discussion

2.1 The AFI AIM TF meeting will recall the appreciation by the ANC and the Council on the efforts of APIRGs in identifying, assessing, tracking and reporting air navigation deficiencies. Following the concerns raised by the ANC and the Council on the serious impact of unresolved deficiencies on safety, the meeting will wish to recall the APRIG relevant conclusion in this regard.

DEFICIENCIES IN THE AIR NAVIGATION FIELD IN THE AFI REGION

AIS Deficiencies

<i>State Name</i>	<i>Requirements</i>		<i>Description of Deficiency</i>	<i>Date first reported</i>	<i>Comments on Deficiency</i>	<i>Description of corrective action</i>	<i>Executing Body</i>	<i>Target date for implementation</i>	<i>Priority</i>
