SNMC/26 WP 02

INTERNATIONAL CIVIL AVIATION ORGANIZATION

WESTERN AND CENTRAL AFRICA OFFICE

Twenty-sixth Meeting of the AFI Satellite Network Management Committee
(SNMC/26)
(Ouagadougou, Burkina Faso, 19-23 November 2018)

Agenda Item 1: Follow up on SNMC/25 Conclusions and Decisions

(Presented by the secretariat)

SUMMARY

The purpose of this paper is to inform the meeting on the status of implementation of the conclusions and Decisions of SNMC 25 meeting held in Freetown, Sierra Leone, from 18 to 22 November 2017.

Reference: SNMC 25th Report

Action by the meeting in paragraph 3

1. Introduction

1.1 The Working discusses the status of implementation of Conclusions and Decisions adopted by the SNMC/24th Meeting held in Freetown, Sierra Leone, from **18 to 22** November 2017.

1.2 Follow-up actions indicated in the tables have been established according to information available at the Secretariat.

2. Discussion

2.1 The 25th meeting of SNMC (SNMC/25) held in Freetown, Sierra Leone, from 18 to 22 November 2017 was attended by Fifty-Five eight (**55**) participants from five (**05**) Air Navigation Service Providers (*ASECNA-17 States, GCAA-Ghana, NAMA-Nigeria, the Roberts FIR-Guinea, Liberia, Sierra Leone and ATNS, South Africa*), the Guinean, the Liberian and the Nigerian Civil Aviation Authorities (**AGAC & NCAA**), and two (**02**) representatives of the satellite industry (**BAY SAT/POLAR SAT & ENGIE INEO**)

2.2 The meeting deliberated on ten (10) agenda items and formulated (**15**) Conclusions and Seven (**07**) Decisions.

2.4 The secretariat developed the final report that was circulated, finalized and posted at: <https://www.icao.int/WACAF/Pages/SNMC-25.aspx>

Since then, many actions have been undertaken by States/Organizations and the secretariat for the implementation of these conclusions and decisions. The status of implementation has been developed as attached **Appendix** to this working Paper

3. Action Required

The meeting is invited to:

- a) Review and up-date the status of implementation of SNMC/25 Conclusions and Decisions as attached in **Appendix** to this paper.
- b) Agree on any other follow-up action thereon.

INTERNATIONAL CIVIL AVIATION ORGANIZATION
WESTERN AND CENTRAL AFRICA OFFICE

Twenty-fifth Meeting of the AFI Satellite Network Management Committee (SNMC/25)

Appendix

Status of implementation of the Conclusions/Decisions of SNMC 25

Agenda Item 1: Follow up Conclusions and Decisions of SNMC/25st meeting				
Conclusions/Decision	Text	Organization	Status of implementation	Comments
	<i>Implementation of SNMC outstanding Conclusions/Decisions</i>			
Conclusion 25/01	That: Concerned SNMC member Organizations are urged to implement the outstanding Conclusions/Decisions of SNMC previous meetings including those related to SNMC/24's as presented in Appendix B to this report	All	Still valid	
	<i>Follow up and Implementation of the outcome of SNMC 25th and future meetings</i>			
Conclusion 25/02:	That: a) SNMC members update not later than 31 January 2018 , the list of the Team of Focal Points established by SNMC 24 with the complete contact details for e-meetings (E-mailings and teleconferences); b) The SNMC current Coordinator (Robert FIR) with the assistance of the Secretariat endeavor to find the appropriate mechanism to efficiently follow up the implementation of the conclusions/decisions of SNMC meetings through the activities of the Team of Focal Points.	a) All b) Roberts FIR	Not Implemented	

<p>Decision 25/03</p>	<p><i>Finalization of the SNMC Website</i></p> <p>That:</p> <ul style="list-style-type: none"> a) The mandate of the Study Committee established by SNMC/24 and tasked to identify opportunities for the marketing of the SNMC Website (Decision 24/04) is expanded to identify the nature of information from ANSPs to be uploaded, the interest of the industry in the SNMC Webpage, the mechanism of operation and maintenance of the Website; b) Members as a matter of urgency appoint and forward to the Roberts FIR and GCAA their nominees in the Study Committee not later than 28/02/2018. c) The funding of the operation and maintenance of the Website shall be supported on a rotational basis by the ANSP currently coordinating the SNMC, until it attains its financial autonomy through cost recovery of services 	<ul style="list-style-type: none"> a) All b) All c) All 	<ul style="list-style-type: none"> a) Implemented b) GCAA and Roberts to report c) Roberts to report 	
<p>Decision 25/04</p>	<p><i>Implementation of the E-Learning project</i></p> <p>That:</p> <ul style="list-style-type: none"> a) A SNMC Group of Experts under the leadership of ASECNA is established with the mandate to identify the training courses to be delivered through E-Learning and the adequate resources to support E-Learning; b) Based on the common Training Manual, the Group of Experts with the assistance of the Secretariat finalize the E-Learning document not later than 30/06/2018 for approval by the SNMC Board. 	<ul style="list-style-type: none"> a) All b) ASECNA 	<p>ASECNA to report</p>	
<p>Conclusion: 25/05</p>	<p><i>Satellite back up</i></p>			

	<p>That:</p> <ul style="list-style-type: none"> a) The Joint Technical Team for AFISNET re-engineering and modernization, when finalizing the Technical specifications for the AFISNET Re-engineering, include the requirement on satellite back up as one of the highest priority criteria to be considered in the evaluation of Tenders bids. b) SNMC Members continue meanwhile the consultation with the satellite industry and users in order to take advantage of the best practices for the assurance of an effective satellite or intermediate back up for the network 	<ul style="list-style-type: none"> a) JTE b) All 	<p>Still valid</p>	
Conclusion 25/06	<p><i>Regional Test Equipment Calibration Center</i></p>			
	<p>That:</p> <ul style="list-style-type: none"> a) ASECNA pursue its effort to establish and resume the effective implementation of the Regional Test Equipment Calibration Center; b) The Secretariat continue the promotion of the Regional Test Equipment Calibration Center 	<ul style="list-style-type: none"> a) ASECNA b) Secretariat 	<p>ASECNA to report</p>	
Conclusion 25/07	<p><i>Mitigation of missing Flight Plans</i></p>			
	<p>That: AFISNET Members pursue their effort to mitigate missing Flight Plans and other safety related operational messages carried on the Network by:</p> <ul style="list-style-type: none"> 1. Increasing the national coordination amongst all concerned stakeholders, through the effective establishment and regular function of the Local Groups of investigation on missing Flight Plans; 2. Reinforcing the bilateral and multilateral technical cooperation and assistance between members; 3. Modernizing the messages switches to full AMHS systems 	<p>ALL</p>	<p>Members to report</p>	
	<p><i>Mitigation of missing OPMETS</i></p>			

Conclusion 25/08	That: Concerned members namely GCAA and NAMA expedite the finalization of the signature of MoUs with their Departments in charge of Meteorology in order to reduce the rate of missing OPMETs	GCAA & NAMA	GCAA & NAMA to report	
Agenda Item 2: Review of AFISNET operational and technical statistics of availability				
Conclusions/Decision	Text	Organization	Status of implementation	Comments
Conclusion 25/09	<i>Restoration of AFS failing circuits</i>			
	That: As a matter of urgency, concerned ANSPs take the appropriate actions aimed at restoring the failing Aeronautical Fixed Service (ATS/DS, AFTN) circuits identified by SNMC/25 and presented at Appendix F .	ALL	Members to report	
Conclusion 25/10	<i>Coordination of maintenance operation</i>			
	That: In order to ensure effective maintenance coordination between centers: a) AFISNET CAAs consider in their Oversight system, Human Factors of air Traffic Safety Electronic Personnel (ATSEP) as a contributive element to the reinforcement of aeronautical safety; b) AFISNET ANSPs improve the language proficiency of their maintenance staff, organize in a regular basis, exchange of technical personnel and ensure the availability of maintenance Focal Points contacts details that will be regularly updated at each SNMC meeting, to facilitate maintenance operation	ALL	Members to report	
Conclusion 25/11	<i>Protection of AFISNET stations against lightning</i>			

	<p>That: ANSPP provide AFISNET maintenance personnel with an adequate strategy and sufficient resources to conduct the appropriate actions such as but not limited to measuring of the earth and limitation of its resistance to the standardized value aimed at efficiently protecting AFISNET stations against lightning.</p>	All	Members to report	
<p>Agenda Item 3: Evaluation and Re-engineering of AFISNET (Implementation of Special AFI/RAN meeting Recommendations 6/18) Review & Update of the planning for the re-engineering and modernization of AFISNET</p>				
Conclusions/Decision	Text	Organization	Status of implementation	Comments
	<p><i>Finalization of the Technical Specification and project scheme for AFISNET re-engineering and modernization</i></p>			
Decision 25/12:	<p>That: Under the coordination of ASECNA, and taking into consideration the requirements for the interconnections between AFISNET with its neighboring networks in particular SADC/NAFISAT, the Joint Technical Team for AFISNET re-engineering and modernization complete the Technical Specification and the project scheme for AFISNET re-engineering and modernization not later than 15/02/2018.</p>	All	ASECNA to report	
	<p><i>Funding Mechanisms for AFISNET re-engineering and modernization</i></p>			
Conclusion 25/13	<p>That: a) The detailed project cost estimation updated by the Joint Technical Team for AFISNET re-engineering and modernization be forwarded by the Secretariat to the ECOWAS Commission for consideration in the roundtable of the donors for the ECOWAS regional project in the area of transport b) ICAO continue the coordination actions with ECOWAS in preparation of the roundtable with the funders.</p>	Secretariat	Implemented	
Conclusion 25/14	<p><i>Finalization of the Memorandum of Understanding (MoU)</i></p>			

	<p>That: As a matter of urgency ANSPs who have not yet done so endeavor to provide not later than 09/03/2018, ASECNA with their comments on the draft Memorandum of Understanding aimed at governing the framework of bilateral and multilateral cooperation between members.</p>	<p>GCAA, NAMA Roberts</p>	<p>Implemented</p>	
Conclusion 25/15	<p><i>Coordination meeting of the SNMC Board</i></p>			
	<p>That:</p> <ul style="list-style-type: none"> a) An SNMC Board coordinating meeting be convened in Dakar during the first quarter of year 2018 in order to approve the AFISNET re-engineering and modernization Project scheme and signed the Memorandum of Understanding (MoU) previously finalized by ASECNA after review and inputs by GCAA, NAMA and the Roberts FIR; b) The Secretariat facilitate the organization of the coordination meeting with the assistance of ASECNA 	<p>ALL</p>	<p>implemented</p>	
<p>Agenda Item 4: Interconnection and interoperability of AFISNET with its neighboring networks (CAFSAT, NAFISAT, SADC2)</p>				
Conclusions/Decision	Text	Organization	Status of implementation	Comments
Decision 25/16	<p><i>Monitoring of the performance of the links established through the interconnection of AFISNET with its neighboring Networks</i></p>			
	<p>That:</p> <p>ASECNA take the appropriate actions in order to follow up and monitor the performance of the links established through the interconnection of AFISNET with its neighboring Networks (SADC 2, NAFISAT, CAFSAT) and report to the SNMC.</p>	<p>ASECNA</p>	<p>ASECNA to report</p>	

Conclusions/Decision	Text	Organization	Status of implementation	Comments
Conclusion 25/17	<i>Restoration of the Accra/Luanda link</i>			
	That: ATNS, ASECNA, GCAA and ENANA pursue their consultation in order to identify the technical causes of the dysfunction of the link between Accra (AFISNET) and Luanda (SADC 2) and conduct the remedial actions aim at restoring its performance	GCAA	GCAA to report	
Agenda Item 5: Outcomes of APIRG 21st Meeting				
Conclusion 25/18	<i>Consideration of APIRG Regional Project Approach for the modernization of AFISNET</i>			
	That: In the framework of the network re-engineering and modernization, ANSPs take into account the APIRG identified and approved regional projects that may have linkage with AFISNET to ensure coordination and avoid duplication	ALL	Still valid	
Conclusion 25/19	<i>Cyber Safety and resilience of AFISNET</i>			
	That: In order to ensure the Cyber Safety and resilience of AFISNET ANSPs endeavor to: a) Conduct Gap analysis to identify AFISNET cyber vulnerabilities and mitigate the related risks; b) Consider the protection of AFISNET against cyber threat in the technical specification; c) Provide with the support of ICAO, technical and operational personnel with the adequate education training in the matter	ALL	Still valid	
Decision 25/20	<i>Expansion of the Mandate of the Joint Technical Team to address issues on Cyber Safety and resilience of AFISNET</i>			

	<p>That: The mandate of the Joint Technical Team for AFISNET re-engineering and modernization is expanded to address issues on Cyber Safety and resilience of AFISNET. The team will conduct its activities in this area under the coordination of the rolling SNMC coordinator and report to SNMC</p>	ALL	Still valid	
Agenda Item 6: Evolutions on Satellite Communication Technology				
Agenda Item 7: Preparation of the ITU World Radiocommunication Conference 2019 (WRC-19)				
	<i>Support to ICAO Position for WRC-19</i>			
Decision 25/21	<p>That:</p> <p>a) A regional preparatory conference involving various partners (CAAs, ANSPs, Airlines, Aerodrome Operators, Telecommunication Regulator) should be organized during year 2018 with the aim to develop a consistent document summarizing the concern of the African Civil Aviation community on WRC-19 agenda items;</p> <p>b) The Secretariat in collaboration with SNMC CAAs, ANSPs and the industry initiate and coordinate the effective preparation of the conference</p>	<p>a) All</p> <p>b) Secretariat</p>	Not implemented	
Agenda Item 8: Review of the Term of reference and Work Programme of SNMC				
Conclusions/Decision	Text	Organization	Status of implementation	Comments
	<i>Adoption of the Term of reference and Work Programme of SNMC</i>			
Decision 25/22	<p>That:</p> <p>The Term of Reference, Form of Agreement and Work Programme of SNMC are adopted as attached at Appendix H and may be further amended as necessary</p>	All	Implemented
