

ICAO

ATM CONTINGENCY PLAN
(AFI) AFRICA AND INDIAN OCEAN REGION.

Version 1, July 2019

Flight Plannable Directs FRA-Contingency procedures

Contingency procedures

ICAO

ATM CONTINGENCY PLAN (AFI) AFRICA AND INDIAN OCEAN REGION.

- No dedicated contingency ATS route network needs to be published
- In the event of major disruption of ATS and/or their supporting services , Flight Plannable Directs will be suspended by NOTAM and the state/FIR published contingency ATS route network will apply

Version 1, July 2019

Contingency procedures

ATM CONTINGENCY PLAN
(AFI) AFRICA AND INDIAN OCEAN REGION.

➤ States /ANSPs need to make sure that reference to contingency procedure is clearly stated in their “Fight plannable directs general procedures”:

*“In case of contingency, the **STATE** contingency ATS route network above FL**XXX** will apply as defined in AIP **STATE** ENR **X. X** ATM CONTINGENCY PLAN FOR **XXXXX** ACC”*

Version 1, July 2019

Thank you
